Title 3—THE PRESIDENT

Presidential Finding of September 18, 1967

MOROCCO—FINDING THAT SALES AGREEMENTS ARE IN THE NATIONAL INTEREST

In accordance with Section 103(d) (3) of the Agricultural Trade Development and Assistance Act of 1954, as amended, I have again reviewed the status of Morocco for purposes of sales of agricultural commodities under Title I of that Act.

As a result of that review, and as required by Section 103(d) (3) of the Act, I hereby find that the making of sales agreements with Morocco under Title I of the Act is in the national interest of the United States. This finding applies to such agreements with Morocco which may be entered into the future as long as the existing conditions prevail. The reasons for this finding are set forth in the accompanying statement, which shall be made available to the Senate and House of Representatives and published in the FEDERAL REGISTER together with this finding. The previous finding for Morocco was published in the FEDERAL REGISTER, Volume 32, Number 50 of March 15, 1967 and a sales program was signed with Morocco on April 20, 1967.

STATEMENT OF REASONS THAT PUBLIC LAW 480 SALES TO MOROCCO ARE IN NATIONAL INTEREST

The United States and Morocco have enjoyed cordial relations since the United States obtained its independence. The strategic importance of these cordial relations is evident from Morocco's geographical position at the entrance to the Mediterranean and its proximity to the United States along the Atlantic. Since Moroccan independence its government has been stable and moderate, exercising a positive influence with other non-aligned African nations and in the Arab world, the Organization of African Unity and the United Nations. It is our policy to support this government which is developing Moroccan economic resources. These resources will be devoted to attaining higher standards of living, broader educational opportunities and improved health facilities in order for the Moroccan people to achieve a fuller participation in the benefits of modernization.

In both 1966 and 1967, Morocco experienced severe droughts with serious effects on foodgrain production and with consequent effects on the whole Moroccan economy and on the level of national income. In Fiscal Year 1968, estimated Moroccan wheat import requirements will amount to at least 700,000 Metric Tons and this the second successive year of high import needs will place a heavy burden on foreign exchange reserves. Despite Morocco's increasing and strenuous efforts to augment foodgrain production, the country faces the need for large commercial purchases from abroad, including the United States.

To alleviate the burden created by this exceptional situation, the United States is programming 300,000 Metric Tons of wheat for delivery during Fiscal Year 1968 under the sales provisions of Public Law 480, as amended. In an effort to assist Morocco to meet her needs for other agricultural products, the United States is also programming 30,400 bales of cotton, and 12,000 Metric Tons of tallow under Title I of Public Law 480, as amended.

In 1965, Morocco exported to Cuba non-strategic foodstuffs, agricultural products and raw materials for agriculture valued at about \$7 million. In 1966, these exports amounted to about \$6 million. Morocco has been heavily dependent on Cuban sugar and has paid for this sugar under barter terms. Morocco has, however, been making efforts to reduce its dependence on Cuban sugar and to seek other markets for exports which have been sent to Cuba in payment for the sugar. In 1967, the Moroccan Government entered into a contract with American firms to purchase 160,000 tons of Western Hemisphere (free world) sugar. Exports of the non-strategic items in question, for which the President may make an exception if he finds it in the national interest, declined appreciably during the first part of 1967 and available statistics indicate that during the first five months of the year such exports took place at an annual rate of less than \$5 million.

In 1965, private Moroccan exports to Cuba were \$941,000 including footwear, leather, leather manufactures, refractory brick, asbestos cement pipe, buttons and plastic containers. The amount and type of such exports was approximately the same in 1966. For the first five months of 1967, about \$340,000 of the above type of items were exported to Cuba. About \$103,000 of this amount was exported after the Moroccan Government had indicated it was terminating such trade. In addition, early in 1967, private exporters sent about \$3,700 of automobile radiators to North Vietnam. These exports escaped the Moroccan controls. Moroccan officials have been firmly instructed by their highest authorities to make sure that such transactions do not occur in the future.

PART 890—FEDERAL EMPLOYEES HEALTH BENEFITS PROGRAM

Miscellaneous Amendments

On September 2, 1967, notice of proposed rule-making regarding miscellaneous amendments to Part 890 of the Civil Service Commission's regulations, governing the Federal Employees Health Benefits Program, was published in the FEDERAL REGISTER. After consideration of the generally favorable comments, the proposed regulations are adopted with minor changes, including the redesignation of new paragraph (1-1) of § 890.301 as (m-1), and limitation of the remarried persons entitled to be considered members of the families of their former spouses to those who are entitled to continued civil service retirement survivor annuities after remarriage.

Effective date. New paragraph (m-1) of § 890.301, and the amendments of paragraphs (c) and (e) of § 890.303 are effective upon publication in the FEDERAL REGISTER. The other amendments are effective January 1, 1968.

Part 890 of Title 5 of the Code of Federal Regulations is amended as follows:

1. The citation of authority for issuance is amended to read as follows:

Authority: The provisions of this Part 890 issued under 5 U.S.C. 8913.

2. Subparagraphs (1) and (8) of § 890.101(a) are amended to read as follows:

§ 890.101 Definitions; time computations.

(a) In this part:

(1) Terms defined by section 8901 of title 5, United States Code, have the meanings there set forth.

(8) "Pay period" means the biweekly pay period established pursuant to section 5504 of title 5, United States Code, for the employees to whom that section applies, the regular pay period for employees not covered by that section; and the period for which a single installment of annuity is customarily paid for annuitants.

3. Subparagraphs (1), (4), and (6) of paragraph (a) and paragraph (b) of § 890.201 are amended to read as follows:

§ 890.201 Minimum standards for health benefits plans.

(a) To be qualified to be approved by the Commission, a health benefits plan shall:

(1) Comply with Chapter 89 of title 5, United States Code, and this part, as amended from time to time.

(4) Provide for conversion to a contract for health benefits regularly offered by the carrier, or an appropriate affiliate, for group conversion purposes, which shall be guaranteed renewable, subject to such amendments as apply to all contracts of this class, except that it may be canceled for fraud, overinsurance, or nonpayment of periodic charges. A carrier shall permit conversion within the time allowed by the temporary extensions of coverage provided under § 890.401 for each employee, annuitant, and member of family entitled to convert. When an employing office gives an employee written notice of his privilege of conversion, the carrier shall permit conversion at any time before (i) 15 days after the date of notice or (ii) 75 days after his enrollment is terminated, whichever is earlier. When the Commission requests an extension of time for conversion because of delayed determination of ineligibility for immediate annuity, the carrier shall permit conversion until the date specified by the Commission in its request for extension. On conversion, the contract becomes effective as of the day following the last date specified by the extension, and the employee, annuitant, or member of the family, as the case may be, shall pay the entire cost thereof directly to the carrier. The nongroup contract may not deny or delay any benefit covered by the contract for a person converting from a plan approved under this part except to the extent that benefits are continued under the health benefits plan from which he converts.

(6) Provide a standard rate structure which contains, for each option, one standard individual rate, and one standard family rate.

(b) To be qualified to be approved by the Commission, a health benefits plan shall not:

(1) Deny a covered person a benefit provided by the plan for a service performed on or after the effective date of coverage solely because of a preexisting physical or mental condition.

(2) Require a waiting period for any covered person for benefits which it provides.

(3) Have more than two options.

(4) Have an initiation, service, enrollment, or other fee or charge in addition to the rate charged for the plan, except that a comprehensive medical plan may impose an additional charge to be paid directly by the employee or annuitant for certain medical supplies and services, if the supplies and services on which additional charges are imposed are clearly set forth in advance and are applicable

to all employees and annuitants. This subparagraph does not apply to charges for membership in employee organizations sponsoring or underwriting plans.

(5) Subparagraphs (1) and (2) of this paragraph do not preclude a plan offering benefits for dentistry or cosmetic surgery, or both, limited to conditions arising after the effective date of coverage.

(6) Subparagraphs (1) and (2) of this paragraph do not preclude a plan, with the approval of the Commission, from limiting benefits for services performed for a person who, on the effective date of enrollment or change of enrollment, is confined in a hospital or other institution so long as the person is continuously confined therein. In the previous sentence, the term, "continuously confined" means one or more periods of confinement without a break of 31 consecutive days between actual confinements except that a carrier, by agreement with the Commission, may provide that a shorter break terminates a continuous confinement. However, benefits for a person hospitalized on the effective date of enrollment may not be limited:

(i) If the enrollment or change is because of discontinuance of his former health benefits plan, in whole or in part, or

(ii) If the change of enrollment is pursuant to an order of the Bureau of Retirement and Insurance, or

(iii) If the services are provided for injuries suffered in an accident which occurred, or for an illness first diagnosed or treated, after the date an employee's or annuitant's employing office received a registration to change the covering enrollment from one plan or option to another.

4. The introductory paragraph of § 890.202 is amended to read as follows:

§ 890.202 Minimum standards for health benefits carriers.

The carrier of an approved health benefits plan must meet the requirements of Chapter 89 of title 5, United States Code, and the following requirements:

5. Section 890.301 is amended by revoking paragraph (d) (2) and by introducing a new paragraph (m-1) between paragraphs (m) and (n) to read as follows:

§ 890.301 Opportunities to register to enroll and change enrollment.

(m-1) *On becoming eligible for benefits under Title XVIII of the Social Security Act.* An enrolled employee or annuitant may register, at any time after he meets statutory requirements for eligibility under Title XVIII of the Social Security Act, to change his enrollment from high option to low option within the same plan.

6. Paragraphs (c) and (e) of § 890.303 are amended to read as follows:

§ 890.303 Continuation of enrollment.

(c) *On death.* The enrollment of a deceased employee or annuitant who is enrolled for self and family is transferred automatically to his eligible survivor annuitants. The enrollment is considered to be that of the survivor annuitant from whose annuity all or the greatest portion of the withholding for health benefits is made. It covers members of the family of the deceased employee or annuitant. A remarried spouse is not a member of the family of the deceased employee or annuitant unless annuity under section 8341 of title 5, United States Code continues after remarriage.

(e) *In nonpay status.* (1) Except as provided in section 8906(e) (2) of title 5, United States Code in regard to an employee on leave without pay to serve as a full-time officer or employee of an employee organization, the enrollment of an employee continues without cost to the employee while he is in nonpay status for up to 365 days. The 365 days' nonpay status may be continuous or broken by periods of less than 4 consecutive months in pay status. If an employee has at least 4 consecutive months in pay status after a period of nonpay status he is entitled to begin the 365 days' continuation of enrollment anew. For the purposes of this paragraph, 4 consecutive months in pay status means any 4-month period during which the employee is in pay status for at least part of each pay period.

(2) However, in the case of an employee having a career-conditional or career appointment, or appointed under Schedule B of Part 213 of this chapter, who is employed under a cooperative work-study program of at least 1 year's duration which requires the employee to be in pay status during not less than one-third of the total time required for completion of the program, his enrollment continues without cost to him while he is in nonpay status so long as he is participating in the cooperative work-study program.

7. Paragraph (c) of § 890.306 is revoked.

§ 890.306 Effective dates.

(c) [Revoked]

8. Paragraph (c) of § 890.503 is amended by amending subparagraphs (2) and (3) and adding subparagraph (4) to read as follows:

§ 890.503 Reserves.

(c) (1) * * *

(2) Except as provided by subparagraphs (3) and (4) of this paragraph, when, as of the end of a contract period, the total of all the reserves held by a carrier for the plan amounts to less than the total of the last 5 months' subscription charges paid from the fund to the carrier for the plan, the carrier is entitled to payment from the contingency

reserve of the lesser of: An amount equal to the difference between the total of the last 5 months' subscription charges paid from the fund to the carrier for the plan and the total of the reserves held by the carrier for the plan, or an amount equal to the excess, if any, of the contingency reserve over the preferred minimum balance. The Commission shall authorize this payment after receipt of the accounting report for the contract period. The carrier shall credit the amount so paid to the special reserve for the plan.

(3) If more than 50 percent of the enrollees in a plan are stationed at posts of duty outside the United States, its possessions, and the Commonwealth of Puerto Rico, when the special reserve held by the carrier for the plan at the end of a contract period amounts to less than one-sixth of the last year's subscription charges paid from the fund to the carrier for the plan, the carrier is entitled to payment from the contingency reserve of the lesser of: An amount equal to the difference between one-sixth of the last year's subscription charges paid from the fund to the carrier for the plan and the total of the special reserve held by the carrier for the plan, or an amount equal to the excess, if any, of the contingency reserve over the preferred minimum balance. The Commission shall authorize this payment after receipt of the account report for the contract period. The carrier shall credit the amount so paid to the special reserve for the plan.

(4) The Commission may, by agreement with the carrier, approve community rating for a group-practice plan. If the contingency reserve of the carrier of a community rated plan exceeds the preferred minimum balance, the carrier may request the Commission to pay a portion of the reserve not greater than the excess of the contingency reserve over the preferred minimum balance. The carrier shall state the reason for the request. The Commission will decide whether to allow the request in whole or in part and will advise the plan of its decision.

Title 8—ALIENS AND NATIONALITY

Chapter I—Immigration and Naturalization Service, Department of Justice

PART 341—CERTIFICATES OF CITIZENSHIP

Examination Upon Application and Report and Recommendation

The following amendment to Chapter I of Title 8 of the Code of Federal Regulations is hereby prescribed:

Paragraph (b) of § 341.2 is amended to read as follows:

§ 341.2 Examination upon application.

(b) *Witnesses*—(1) *Personal appearance*. Except as otherwise provided in this paragraph, the claimant or the acting parent or guardian shall produce before the assigned officer the person or persons through whom citizenship is claimed to give testimony under oath or affirmation concerning any matter in any way affecting the claim to citizenship. When citizenship is claimed through two persons, and each of such persons has had an extended period or periods of absence abroad after becoming a citizen, other than absence as an employee, or on behalf, of the U.S. Government, a member of the U.S. Armed Forces, or a spouse residing abroad with such a person, the two persons shall be produced to give testimony. In every other case when citizenship is claimed through two persons, only one of such two persons need be produced to give testimony: *Provided*, That all required documentary evidence submitted in support of the claim to citizenship, together with other evidence, the application, related files, and any other available sources of information do not give rise to an issue or question involving the citizenship status of the persons through whom citizenship is claimed, or the claimant's identity and alleged relationship to such persons, and leave no doubt that citizenship was acquired or derived as claimed and was not subsequently lost. If such issue, question, or doubt exists, or arises thereafter from the testimony of the single witness, the other person through whom citizenship is claimed also shall be produced to give testimony. If one of the two persons through whom citizenship is claimed has had an extended period or periods of absence abroad after becoming a citizen, other than absence as an employee, or on behalf, of the U.S. Government, a member of the U.S. Armed Forces, or a spouse residing abroad with such a person, such absentee person shall be produced as the required single witness; otherwise, either one of such two persons may be produced as the required single witness.

(2) *Substitution and waiver*. If the presentation of the person or persons through whom citizenship is claimed is precluded by reason of death, mental incapacity, refusal to testify, or unknown whereabouts, another witness or witnesses shall be produced. A substitute witness also shall be produced in lieu of such person if such person is a member of the U.S. Armed Forces serving outside the United States in an area where his testimony could not be taken without imposing extreme hardship upon him, or without unduly delaying action on the application, and no issue is present which can be resolved only by his testimony. When a substitution of witnesses is authorized for any reason prescribed in this paragraph, and no substitute witness or witnesses can be produced, favorable action may nonetheless be taken on the application, but only if the district di-

rector decides that the testimony of the claimant or the acting parent or guardian, Service and State Department records, and documentary evidence clearly and convincingly establish beyond doubt the claimant's alleged relationship to the person(s) through whom citizenship is claimed, that citizenship was acquired or derived as claimed, and that such citizenship was not subsequently lost.

§ 341.5 [Amended]

Section 341.5 *Report and recommendation* is amended by deleting the last two sentences thereof.

This order shall be effective on the date of its publication in the *FEDERAL REGISTER*. Compliance with the provisions of section 553 of title 5 of the United States Code (P.L. 89-554, 80 Stat. 333), as to notice of proposed rule making and delayed effective date, is unnecessary in this instance because the regulations prescribed by the order relieve restrictions and the persons affected thereby will not require additional time to prepare for the effective date of the regulations.

Dated: October 24, 1967.

RAYMOND F. FARRELL,
Commissioner of Immigration and Naturalization.

Title 7—AGRICULTURE

Chapter IX—Consumer and Marketing Service (Marketing Agreements and Orders; Fruits, Vegetables, Nuts), Department of Agriculture

PART 948—IRISH POTATOES GROWN IN COLORADO

Expenses and Rate of Assessment [Area No. 1]

Notice of rule making regarding proposed expenses and rate of assessment for Area No. 1 to be effective under Marketing Agreement No. 97 and Order No. 948 (7 CFR Part 948), both as amended, was published in the October 5, 1967, issue of the *FEDERAL REGISTER* (32 F.R. 13820). This regulatory program is effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601 et seq.).

The notice afforded interested persons an opportunity to submit data, views, or arguments pertaining thereto not later than the 15th day following publication in the *FEDERAL REGISTER*. None was filed.

After consideration of all relevant matters, including the proposals set forth in the aforesaid notice which were recommended by the Area Committee for Area No. 1, established pursuant to the said marketing agreement and order, it is hereby found and determined that:

§ 948.256 Expenses and rate of assessment.

(a) The reasonable expenses that are likely to be incurred by the area committee for Area No. 1 to enable such

committee to perform its functions, pursuant to the provisions of Marketing Agreement No. 97, as amended, and this part, during the fiscal period ending May 31, 1968, will amount to \$500.

(b) The rate of assessment to be paid by each handler pursuant to Marketing Agreement No. 97, as amended, and this part, shall be one cent (\$.01) per hundredweight of potatoes grown in Area No. 1 handled by him as the first handler thereof during said fiscal period.

(c) Unexpended income in excess of expenses for the fiscal period ending May 31, 1968, may be carried over as a reserve.

(d) Terms used in this section shall have the same meaning as when used in Marketing Agreement No. 97, as amended, and this part.

It is hereby found that good cause exists for not postponing the effective time of this action until 30 days after publication in the FEDERAL REGISTER (5 U.S.C. 553) in that: (1) the relevant provisions of said marketing agreement and this part require that the rate of assessment for a particular fiscal period shall be applicable to all assessable potatoes from the beginning of such period, and (2) the current fiscal period began June 1, 1967, and the rate of assessment herein will apply to all assessable potatoes beginning with such date.

(Secs. 1-19, 48 Stat. 31, as amended; 7 U.S.C. 601-674)

Dated: October 24, 1967.

PART 984—HANDLING OF WALNUTS GROWN IN CALIFORNIA, OREGON, AND WASHINGTON

Expenses of Walnut Control Board and Rates of Assessment for 1967-68 Marketing Year

Notice was published in the October 13, 1967, issue of the FEDERAL REGISTER (32 F.R. 14227) regarding proposed expenses of the Walnut Control Board for the 1967-68 marketing year and rates of assessment for that marketing year, pursuant to §§ 984.68 and 984.69 of the marketing agreement, as amended, and Order No. 984, as amended (7 CFR Part 984), regulating the handling of walnuts grown in California, Oregon, and Washington. The marketing agreement and order are effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674).

The notice afforded interested persons an opportunity to submit written data, views, or arguments with respect to the proposal. None were submitted within the prescribed time.

After consideration of all relevant matter presented, including that in the notice, the information and recom-

mendations submitted by the Walnut Control Board, and other available information, it is found that the expenses of the Board and rates of assessment for the marketing year beginning August 1, 1967, shall be as follows:

§ 984.319 Expenses of the Walnut Control Board and rates of assessment for the 1967-68 marketing year.

(a) *Expenses.* The expenses in the amount of \$125,550 are reasonable and likely to be incurred by the Walnut Control Board during the marketing year beginning August 1, 1967, for its maintenance and functioning and for such purposes as the Secretary may, pursuant to the provisions of this part, determine to be appropriate.

(b) *Rates of assessment.* The rates of assessment for said marketing year, payable by each handler in accordance with § 984.69, are fixed at 0.10 cent per pound for merchantable inshell walnuts and 0.20 cent per pound for merchantable shelled walnuts.

It is found that good cause exists for not postponing the effective time of this action until 30 days after publication in the FEDERAL REGISTER (5 U.S.C. 553) in that: (1) The relevant provisions of said marketing agreement and this part require that the rates of assessment fixed for a particular marketing year shall be applicable to all assessable walnuts from the beginning of such year; and (2) the current marketing year began on August 1, 1967, and the rates of assessment herein fixed will automatically apply to all such assessable walnuts beginning with that date.

Title 14—AERONAUTICS AND SPACE

Chapter I—Federal Aviation Administration, Department of Transportation

[Docket No. CE-67-AD-9; Amdt. 39-500]

PART 39—AIRWORTHINESS DIRECTIVES

Beech Model 95-55, 95-A55, 95-B55, 95-C55, and 56TC Airplanes

There have been reports of cracks on the rudder spar at the top and center hinge attach points on Beech Model 95-55 and 95-A55 airplanes. There has also been one instance where the top and center rudder hinges separated from the rudder spar web on a Beech Model 95-55 airplane. These conditions are caused by fatigue failure because of vi-

bration and can result in loss of rudder control.

Since these conditions are likely to exist or develop in other airplanes of the same type design, an airworthiness directive is being issued requiring inspection and modification or replacement where necessary of the rudder spar web on the airplanes hereinafter listed in accordance with either Beech Service Bulletin 67-34 dated October 1967, or Federal Aviation Administration approved equivalent.

Since immediate action is required in the interest of safety, compliance with the notice and public procedure provisions of the Administrative Procedure Act is not practicable and good cause exists for making this rule effective in less than thirty (30) days.

In consideration of the foregoing, and pursuant to the authority delegated to me by the Administrator (31 F.R. 13697), § 39.13 of Part 39 of the Federal Aviation Regulations is amended by adding the following new airworthiness directive:

BEECHCRAFT. Applies to Model 95-55 (Serial Nos. TC-1 through TC-190), 95-A55 (Serial Nos. TC-191 through TC-501 except TC-350 and TC-371), 95-B55 (Serial Nos. TC-371, TC-502 through TC-1042), 95-C55 (Serial Nos. TC-350, TE-1 through TE-451), and 56TC (Serial Nos. TG-1 through TG-51) airplanes with 1,000 hours' or more time in service.

Compliance required as indicated.

To detect cracks in the rudder spar web, within the next 25 hours' time in service after the effective date of this AD, unless already accomplished, and thereafter at intervals of not to exceed 250 hours' time in service from the date of the last inspection, accomplish the following:

(a) Inspect visually the rudder spar web in the area under and adjacent to the upper and the center hinge attach points in accordance with the method outlined in Beech Service Bulletin 67-34 dated October 1967, or Federal Aviation Administration approved equivalent.

(b) If a crack is found during an inspection required by paragraph (a), before further flight, accomplish one of the following—

(1) Modify the rudder spar web in accordance with the method contained in Beech Service Bulletin 67-34 dated October 1967, or any other method approved as an equivalent by the Chief, Engineering and Manufacturing Branch, Federal Aviation Administration, Central Region; or

(2) Replace the rudder spar web with one that has been modified in accordance with paragraph (b)(1) of this airworthiness directive.

(c) When either the modification or replacement prescribed in paragraph (b) of this AD have been accomplished, the inspections required by this airworthiness directive are no longer required.

This amendment becomes effective October 27, 1967.

PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS

Revocation of Control Area Extension, Alteration of Control Zone, and Designation of Transition Area

On November 4, 1966, F.R. Doc. 66-12007 was published in the FEDERAL REGISTER (31 F.R. 14260) amending Part 71 of the Federal Aviation Regulations by revoking the Cold Bay, Alaska, control area extension, amending the Cold Bay control zone, and designating the Cold Bay transition area. The effective date was to have been January 5, 1967.

On December 16, 1966, F.R. Doc. 66-13483 was published in the FEDERAL REGISTER (31 F.R. 16127) delaying the effective date of Airspace Docket No. 66-AL-1 indefinitely. The delay was necessary because of the need for further study and coordination of operational procedures. Action taken in Airspace Docket No. 67-AL-3, published in the FEDERAL REGISTER on October 10, 1967 (32 F.R. 14061) has obviated further coordination. Also, it has been determined that the coordinates for the Cold Bay Airport can be shown more precisely than those shown in F.R. Doc. 66-12007.

In consideration of the foregoing, effective immediately, F.R. Doc. 66-12007 is amended as follows:

1. Delete "effective January 5, 1967" and substitute therefor "effective December 7, 1967".

2. In the description of the Cold Bay, Alaska, control zone, delete "(latitude 55°12' N., longitude 162°43' W.)" and substitute therefor "(latitude 55°12'22" N., longitude 162°43'22" W.)".

(Secs. 307(a), 1110, Federal Aviation Act of 1958; 49 U.S.C. 1348, 1510, Executive Order 10854 (24 F.R. 9565))

PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS

Alteration of Transition Area

The purpose of this amendment to Part 71 of the Federal Aviation Regulations is to exclude Control 1234 from a portion of the King Salmon, Alaska, transition area extending upward from 14,500 feet MSL.

On October 10, 1967, Airspace Docket No. 67-AL-3 was published in the FEDERAL REGISTER (32 F.R. 14061) and in part designated Control 1234, effective December 7, 1967. Control 1234 will include airspace extending upward from 14,500 feet MSL presently designated in the King Salmon transition area.

To avoid dual designation of controlled airspace, Control 1234 is hereby excluded from the portion of the King Salmon transition area which extends upward from 14,500 feet MSL.

Since this amendment is editorial in nature and does not alter the amount or effect of controlled airspace, notice and public procedure hereon is unnecessary.

Since this action involves navigable airspace outside the United States, the Administrator has consulted with the Secretary of State and the Secretary of Defense in accordance with the provisions of Executive Order 10854.

In consideration of the foregoing, Part 71 of the Federal Aviation Regulations is amended, effective 0001 e.s.t., December 7, 1967, as hereinafter set forth.

In § 71.181 (32 F.R. 2148, 487, 3048) the King Salmon, Alaska, transition area is amended by deleting "Federal airways, Control 1217," and substituting therefor, "Federal airways, Control 1217, Control 1234."

(Secs. 307(a), 1110, Federal Aviation Act of 1958; 49 U.S.C. 1348, 1510, Executive Order 10854 (24 F.R. 9565))

Issued in Washington, D.C., on October 20, 1967.

PART 71—DESIGNATION OF FEDERAL AIRWAYS, CONTROLLED AIRSPACE, AND REPORTING POINTS

PART 73—SPECIAL USE AIRSPACE

Alteration of Restricted Airspace, Continental Control Area, Control Zone, and Transition Area

The purpose of these amendments to Parts 71 and 73 of the Federal Aviation Regulations is to redesignate Restricted Area R-6604, Chincoteague, Va., as a joint use restricted area.

The annual review of the utilization report for Restricted Area R-6604, covering the period from October 1, 1965, through September 30, 1966, revealed that the area was used only two or three times a day. The Federal Aviation Administration has determined that Restricted Area R-6604 should be designated as a joint use restricted area which would make the area available for public use when it is not being used for the purpose for which it was designated. Additionally, a small area south of the airport that largely overlies water should be designated as controlled airspace to provide air traffic control service to NAS Wallops Station.

Changing Restricted Area R-6604 to joint use will require that R-6604 be included in the description of the continental control area and that the description of the Chincoteague, Va., control

zone and transition area be modified by deleting the exclusion relating to R-6604.

Since these amendments will have the effect of returning airspace to the public for use, thereby lessening the burden on the public, notice and public procedure thereon are unnecessary. However, it is necessary that sufficient time be allowed to permit appropriate changes to aeronautical charts. Therefore, this amendment will become effective more than 30 days after publication.

In consideration of the foregoing, Parts 71 and 73 of the Federal Aviation Regulations are amended, effective 0001 e.s.t., December 7, 1967, as hereinafter set forth.

1. In § 71.151 (32 F.R. 2061) the Continental Control Area is amended by adding "R-6604 Chincoteague Inlet, Va."

2. In § 71.171 (32 F.R. 2071) the description of the Chincoteague, Va., control zone is amended by deleting "to 2.5 miles south of the VOR, excluding the portion within R-6604," and substitute therefor, "to 2.5 miles south of the VOR."

3. In § 71.181 (32 F.R. 2148) the description of the Chincoteague, Va., transition area is amended by deleting from the text "excluding the portion within R-6604 and the portion outside the United States." and substituting therefor, "and the area extending southwest from the 12-mile radius area bounded on the east by a line 3 nautical miles east and parallel to the shoreline, on the south by the Norfolk, Va., transition area, and on the west by the southeast boundary of V-139, excluding the portion outside the United States."

4. In § 73.66 (32 F.R. 2334) R-6604 Chincoteague Inlet, Va., add the following immediately preceding "Using Agency.":

Controlling agency: Federal Aviation Administration, Washington ARTC Center.

(Sec. 307(a), Federal Aviation Act of 1958; 49 U.S.C. 1348)

Issued in Washington, D.C., on October 20, 1967.

Title 20—EMPLOYEES' BENEFITS

Chapter III—Social Security Admin- istration, Department of Health, Education, and Welfare

PART 401—DISCLOSURE OF OFFICIAL RECORDS AND INFORMATION

Disclosure of Information as to Whereabouts of Absent Parent

On September 27, 1966, there was published in the FEDERAL REGISTER (31 F.R. 12644) a notice of proposed rule making to issue amendments to Regulation No. 1 of the Social Security Administration relating to disclosure of official records and information. The principal purpose of the proposed amendments was to reflect amendments to the Social Security Act made by the Social Security Amendments of 1965 (P.L. 89-97) including the addition to the Act of Title XVIII, Health Insurance for the Aged. Interested persons were given the opportunity to submit written comments within 30 days after publication.

Written comments were received and considered. Certain changes were made in the proposed amendments to the regulation pursuant to the comments. The following changes are considered to be the most important.

1. Section 401.1 is amended to make it clear that the prohibition against disclosure applies to carriers or intermediaries performing functions in the administration of the health insurance for the aged program.

2. Sections 401.3(a)(2)(ii), 401.3(a)(3)(ii), and 401.3(g)(1) are amended to provide that in the case of medical information relating to an individual authorized to be disclosed under these sections the requirement that the "individual" consent to the disclosure has been changed to a requirement that the individual or his duly authorized representative consent to such disclosure.

3. Section 401.3(a)(3)(iii) is amended to provide that medical information obtained in the administration of the health insurance program may be disclosed to an organization administering a supplementary medical insurance or benefit program provided the source of the information does not object, thus

eliminating the requirement that such source specifically consent to the disclosure. A similar change is made in § 401.3(f) with respect to disclosure of such information to certain agencies of the Federal Government and in § 401.3(g)(1) with respect to disclosure of such information to certain agencies of a State government. Physicians and providers who furnish information will be informed, however, of their right to object to the disclosure and of the manner in which they may register their objection.

4. Section 401.3(a)(3)(iii) is further amended to provide that medical information concerning an individual obtained in the administration of Title XVIII of the Act authorized to be disclosed under this section may be disclosed when necessary for a determination as to what supplementary benefits or services an individual may be eligible to receive under a public, as well as under a private, hospital or medical insurance or benefit program.

5. Sections 401.3(b)(1) and 401.3(b)(3)(ii) are amended to provide that, in the case of information authorized to be disclosed under these sections after the death of an individual, if the individual had consented to the disclosure during his lifetime, it is not necessary to get consent of the surviving relative. In subparagraph (4) of paragraph (b) of § 401.3 the requirement that there be a written request for information obtained in the administration of Title XVIII of the Act is eliminated.

6. Section 401.3(m) is amended to make it clear that the provisions of this section apply only to files, records, or other information described in this section obtained in the administration of Title II or Title XVIII of the Act, and not to such information obtained by carriers or intermediaries in their private capacities.

7. Section 401.4 is amended by adding a paragraph defining the term "agency of a State government," as used in Regulation No. 1, to include an intermediary or carrier authorized by such agency to perform the duties of such agency.

8. Section 401.5 is amended to provide that the requirement of payment to the Department of the cost of furnishing information, where such payment is applicable, shall apply only to costs incurred by the Department.

Other changes of a clarifying and editorial nature have also been made.

Accordingly, Regulation No. 1 of the Social Security Administration, as amended (20 CFR 401.1 et seq.), is further amended as set forth below.

Effective date. These amendments shall become effective on the date of publication in the FEDERAL REGISTER.

Dated: September 25, 1967.

[SEAL] ROBERT M. BALL,
Commissioner of Social Security.

Approved October 20, 1967.

WILBUR J. COHEN,
Acting Secretary of Health,
Education, and Welfare.

DISCLOSURE OF INFORMATION AS TO WHERE- ABOUTS OF ABSENT PARENT, INFORMATION OBTAINED IN ADMINISTERING TITLE XVIII (MEDICARE), AND DISCLOSURE TO STATES RECEIVING FEDERAL GRANTS FOR MEDICAL ASSISTANCE PROGRAMS

1. Section 401.1 is amended to read as follows:

§ 401.1 Prohibition against disclosure.

No disclosure of (a) any return or portion of a return (including information returns or other written statements) filed with the Commissioner of Internal Revenue under Title VIII of the Social Security Act, the Federal Insurance Contributions Act or the Self-Employment Contributions Acts, or under regulations made under authority thereof, which has been transmitted to the Department of Health, Education, and Welfare by the Commissioner of Internal Revenue, or (b) any file, record, report, or other paper or any information obtained at any time by or from the Department or any officer or employee of the Department, or any person, agency, or organization with whom the Social Security Administration has entered into an agreement to perform certain functions in the administration of Title II or Title XVIII of the Social Security Act, which in any way relates to, or is necessary to, or is used in or in connection with, the administration of the old-age, survivors, disability, or health insurance programs conducted pursuant to Titles II and XVIII of the Social Security Act, shall be made directly or indirectly except as hereinafter authorized by this part or as otherwise expressly authorized by the Commissioner of Social Security.

2. Paragraphs (a), (b), (f), (g)(1), (g)(3), (i)(3), (j), (m), and (n) of § 401.3 are amended, new subparagraph (4) is added to § 401.3(g), paragraph (h) is added to § 401.4, and § 401.5 is amended. The new and amended materials read as follows:

§ 401.3 Information which may be disclosed and to whom.

Disclosure of any such file, record, report, or other paper, or information, is hereby authorized in the following cases and for the following purposes:

(a) (1) As to information (except medical information) directly concerning any claimant or prospective claimant for benefits or payments under Title II or Title XVIII of the Social Security Act;

(i) To such claimant or prospective claimant or his duly authorized representative; or

(ii) To others or to the public but only if such claimant or prospective claimant or his duly authorized representative authorizes disclosure of such information and such disclosure is consistent with the proper and efficient administration of the act; or

(2) As to medical information directly concerning any claimant or prospective claimant for benefits or payments under Title II of the Social Security Act;

(i) To such claimant or prospective claimant or his duly authorized representative, but only if disclosure of such

medical information is reasonably necessary for a Title II purpose; or

(ii) To such claimant's or prospective claimant's physician or to a medical institution at or of which such claimant or prospective claimant is a patient, but only if (a) such claimant or prospective claimant or his duly authorized representative consents to the disclosure of such information, (b) the source of such information, or if such source is not available, a physician in the employ of the Department, consents to such disclosure, and (c) such disclosure is solely for the purpose of the care or treatment of such claimant or prospective claimant; or

(3) As to medical information concerning an individual obtained in the administration of Title XVIII;

(i) To such individual or his duly authorized representative, but only if disclosure of such medical information is reasonably necessary for a Title XVIII purpose; or

(ii) To such individual's physician or to a medical institution at or of which such individual is a patient, but only if (a) such individual or his duly authorized representative consents to the disclosure of such information, (b) the source of such information, or if such source is not available, a physician in the employ of the Department, consents to such disclosure, and (c) such disclosure is solely for the purpose of the care or treatment of such individual; or

(iii) To such individual or his duly authorized representative or to others for other than a Title XVIII purpose, a statement limited to the nature of the illness or injury and the services rendered, when such information is necessary for a determination as to what supplementary benefits or services such individual may be eligible to receive under a public or private hospital or medical insurance or benefit program which is consistent with the purposes and objectives of Title XVIII, if the source of such information does not object to the disclosure, and in the case of a disclosure to others than the individual or his duly authorized representative, only if the individual or his duly authorized representative consents to such disclosure; or

(4) Statements of earnings and medical information authorized to be furnished under this paragraph may be furnished in summary form or in such detail as is determined by the Department to be consistent with the proper and efficient administration of the old-age, survivors, disability, and health insurance programs under Titles II and XVIII.

(b) After the death of an individual;

(1) As to information (except medical information) relating to the individual, to a surviving relative or the legal representative of the estate of the individual, or to others when necessary for a determination as to what supplementary benefits or services such deceased individual was eligible to receive under a public or private hospital or medical insurance or benefit plan, where the individual had consented to such disclosure prior to his death or the surviving relative or legal representative consents to such disclosure,

except that available information concerning the fact, date, or circumstances of death of the individual may be disclosed to any person, without authorization; or

(2) As to medical information relating to the individual and obtained in the administration of Title II, to a surviving relative or legal representative of the estate of the individual, but only if disclosure of such medical information is reasonably necessary for a Title II purpose; or

(3) As to medical information relating to the individual and obtained in the administration of Title XVIII;

(i) To a surviving relative or legal representative of the estate of the individual when reasonably necessary for a Title XVIII purpose; or

(ii) To a surviving relative or legal representative of the estate of the individual or to others for other than a Title XVIII purpose, when such information is necessary for a determination as specified in paragraph (a) (3) (iii) of this section, a statement limited to the nature of the illness or injury and the services rendered, if the source of such information does not object to the disclosure, and in the case of disclosure to others than a surviving relative or legal representative, only if the individual had consented to such disclosure prior to his death or the surviving relative or legal representative consents to such disclosure.

(4) Statements of earnings and medical information authorized to be furnished under this paragraph may be furnished in summary form or in such detail as is determined by the Department to be consistent with the proper and efficient administration of the old-age, survivors, disability, and health insurance programs under Titles II and XVIII. None of the foregoing information under this paragraph (except information furnished for the purpose of determining what benefits or services the deceased individual was eligible to receive under a public or private hospital or medical insurance or benefit program), shall be disclosed except upon written request stating the purpose thereof, and where such disclosure is considered not detrimental to the individual or to his estate.

(f) To any officer or employee of an agency of the Federal Government lawfully charged with the administration of a law providing for public assistance, or work relief, or pension, or retirement, or other benefit payments, only for the purpose of the proper administration of such law, or of the Social Security Act. Medical information relating to an individual and obtained in the administration of Title II, may be furnished for such a purpose to such an officer or employee only upon consent of such individual or his duly authorized representative, and of the source of such information or, if such source is not available, of a physician in the employ of the Department. Medical information relating to an individual and obtained in the administration of Title XVIII may be furnished if

the source of such information does not object to the disclosure and the individual or his duly authorized representative consents to such disclosure.

(g) (1) To any officer or employee of an agency of a State government lawfully charged with the administration of a program receiving grants-in-aid under Titles I, V, X, XIV, XVI, or XIX of the Social Security Act, information regarding benefits paid to an individual or his entitlement to benefits under Title II of the Social Security Act, or information with respect to entitlement of an individual or benefits provided him under Title XVIII of such act, and, if it has been determined, the date of birth of a recipient or applicant, and also whether a period of disability has been established for such recipient or applicant, the beginning and ending date of such period, and the date determined to be the date of onset of such disability, where such information is necessary to enable the agency to determine the eligibility of or the amount of benefits or services due such recipient or applicant. Medical information relating to an individual and obtained in the administration of Title II, may be furnished for such a purpose to such an officer or employee only upon consent of such individual or his duly authorized representative and of the source of such information or, if such source is not available, of a physician in the employ of the Department. Medical information relating to an individual and obtained in the administration of Title XVIII may be furnished if the source of such information does not object to the disclosure and the individual or his duly authorized representative consents to such disclosure.

(3) To any officer or employee of an agency of a State government lawfully charged with the administration of a program receiving grants-in-aid under Title IV of the Social Security Act, the information specified in subparagraph (1) of this paragraph and in addition, in accordance with requirements and procedures issued from time to time by the Bureau of Family Services of the Welfare Administration, information concerning the whereabouts of an absent parent of a child of a family eligible for, an applicant for, or a recipient of, aid under a program receiving grants-in-aid under Title IV of the Social Security Act.

(4) Upon request in writing, to any officer or employee of a State or local agency participating in the administration of a State plan approved under Titles I, X, XIV, XVI, or XIX of the Social Security Act, or any other State or local public assistance program, the most recent address of an individual, and/or the address of his most recent employer, included in the files of the Department maintained pursuant to section 205 of the act, if:

(i) Such agency certifies that (a) an order has been issued by a court of competent jurisdiction against such individual for the support and maintenance of his child or children who are under the

age of 16 in destitute or necessitous circumstances, (b) such child or children are applicants for or recipients of assistance available under such a plan or program, (c) such agency has attempted without success to secure such information from all other sources reasonably available to it, and (d) such information is requested (either for the agency's own use, or on the request and for the use of the court which issued the order) for the purpose of obtaining such support and maintenance; and

(11) Such request referred to in this subparagraph (4) is accompanied by a certified copy of the order referred to in subdivision (1) (a) of this subparagraph.

(1) To any officer, agency, establishment, or department of the Federal Government, charged with the duty of conducting an investigation or prosecution, for the purpose of such an investigation or prosecution involving:

(3) An inquiry with respect to an alleged theft, forgery, alteration, unlawful negotiation, or destruction of a check issued for a benefit under Title II or Title XVIII of the Social Security Act; or

(j) Any return, file, record, report, or other paper or any information may be disclosed when it is to be used in connection with any claim or other proceeding under the Social Security Act and such disclosure is necessary for the proper performance of the duties of any officer or employee of the Department, or of any officer or employee of a State agency to carry out an agreement entered into under section 221 of the Social Security Act, or of any officer or employee of a public or private agency or organization to carry out the health insurance provisions of Title XVIII of said act.

(m) Disclosure of any return, file, record, report, or other paper or information obtained in the Administration of Title II or Title XVIII of the act not relating or necessary to, or used in or in connection with, the administration of the old-age, survivors, disability, or health insurance programs conducted pursuant to such titles of the act, shall not be subject to the limitation on disclosure in section 1106 of the act and shall be made only as may be otherwise required by law and in accordance with policies prescribed by the Commissioner.

(n) To any officer or employee of an agency of a State government lawfully charged with the supervision of, or financial responsibility for, the care of a person who is mentally incompetent and who is confined in a State mental institution, information regarding his entitlement to benefits under Titles II and XVIII of the Social Security Act, and if entitled, the amount of such benefits and the name and address of the person to whom such benefits have been or are being paid. Disclosure under this paragraph shall be made only upon written certification by the State agency or institution that such information is to be used in connection with the performance of its duties under State law and that there is no other source from which it can obtain such information.

3. Paragraph (a) of § 401.4 is amended, and paragraph (h) is added, to read as follows:

§ 401.4 Definitions.

As used in this part the term:

(a) "Claimant" includes a person who files an application or is deemed to have filed an application, on his own behalf, or as guardian of an infant, or as legal representative of an incompetent, or on whose behalf some other person files an application for monthly benefits, a lump-sum death payment, or health insurance benefits for the aged.

(h) "Agency of a State government" includes an intermediary or carrier authorized by such agency to perform duties in the administration of programs under the Social Security Act.

4. Section 401.5 is amended to read as follows:

§ 401.5 Payment for information in general.

Except as provided in § 401.6, no information, authorized to be disclosed by § 401.1 or § 401.3, shall be prepared for disclosure or disclosed to the person or agency requesting such disclosure until the cost incurred by the Department of disclosing such information shall have paid in full to the Department.

5. Paragraph (e) of § 401.6 is amended to read as follows:

§ 401.6 Payment for information in specific cases.

(e) When the request is for medical information obtained under Title II of the Social Security Act relating to an individual, or as to the existence or duration of a disability of an individual, pursuant to § 401.3 (a), (f), or (g), by a person or agency thereby authorized to receive such information, the information shall be furnished without charge.

Chapter I—Post Office Department

PART 154—CONDITIONS OF DELIVERY

Delivery to Mail Receiving Agency

A notice of proposed rule making was published in the FEDERAL REGISTER of July 28, 1967 (32 F.R. 11037). The proposed revision to paragraph (a) (2) in § 154.2 would clarify conditions under

which mail is to be delivered to a mail receiving agency.

As no written comments have been received, the Department has decided to adopt the proposal. Accordingly § 154.2 (a) (2) of Title 39, Code of Federal Regulations now reads as follows and is effective 30 days after publication in the FEDERAL REGISTER.

§ 154.2 Delivery of addressee's mail to another.

(a) *Delivery to addressee's agent.* * * *

(2) When mail is to be delivered to a commercial mail receiving agency, Form 1583, "Application for Delivery of Mail Through Agent," must be signed by both the commercial agent and the addressee. The original of the completed Form 1583 must be filed with the postmaster and a duplicate copy of the completed Form 1583 must be kept on file by the commercial agency. In consideration of delivery of the mail to the commercial agent, the addressee and the agent are deemed to agree that:

(i) No change of address order will be filed with the post office when the agency relationship is terminated;

(ii) The forwarding of mail intended for the addressee is the responsibility of the agent; and,

(iii) When remailed by the commercial agent, the mail is subject to payment of new postage since delivery is deemed to have been made when the mail was delivered to the commercial agent.

NOTE: The corresponding Postal Manual section is 154.212.

[7 CFR Part 989]

RAISINS PRODUCED FROM GRAPES GROWN IN CALIFORNIA

Proposed Amendment of Administrative Rules and Regulations and Schedule of Payments

Notice is hereby given of a proposal to amend the Subpart—Administrative Rules and Regulations and the Subpart—Schedule of Payments. These subparts are operative pursuant to the marketing agreement, as amended, and Order No. 989, as amended (7 CFR Part 989; 32 F.R. 12157, 12555, 12710), regulating the handling of raisins produced from grapes grown in California, effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674). The proposed amendment is based, in part, on a proposal recommended by the Raisin Administrative Committee.

The administrative rules and regulations would be amended by revising paragraph (e)(3), and by adding a new paragraph, paragraph (f), in § 989.158. Paragraph (e) prescribes, pursuant to § 989.58(d)(2), rules and procedures whereby a packer (a handler) may receive, without reinspection, dehydrated raisins (natural condition raisins produced by a dehydrator, by subjecting grapes to artificial heat) that had been inspected and certified on the premises of the authorized dehydrator where produced. Paragraph (e)(3) now requires the receiving packer to enter the net weight of the raisins received and scale ticket number on the required memorandum report of inspection which accompanies the raisins from the dehydrator's premises. However, to assure full data and identification of the dehydrated raisins covered by the inspection certificate, the inspection service recommends that the inspector at the packer's inspection point rather than the receiving packer insert the net weight and scale ticket number. The proposal so provides.

The new paragraph, paragraph (f), proposed to be added to § 989.158, would prescribe, pursuant to § 989.58(d)(3) of the amended marketing agreement and order, rules and procedures (including safeguards) whereby any handler may receive without reinspection natural condition raisins that had been inspected and certified at the receiving station of a cooperative bargaining association. Such rules and procedures, in general, are similar to those for dehydrated raisins inspected on the premises of a dehydrator, and their observance should eliminate a need for reinspection.

The box rental payments in current paragraph (c) of § 989.401 is proposed to be revised by increasing the payment to each handler, producer, dehydrator, and other person who furnishes boxes in which reserve tonnage raisins (including surplus tonnage raisins redesignated "reserve tonnage" by recent amendment of the order) are held for the account of the Committee beyond the crop year of acquisition, from 20 cents to 30 cents per average net weight of raisins in a sweatbox. The increased payment is to compensate for increased costs involved in furnishing the boxes and would begin to apply to reserve tonnage raisins so held on September 1, 1967, which were also so held on August 15, 1967.

All persons who desire to submit written data, views, or arguments in connection with the aforesaid proposal should file the same, in quadruplicate, with the Hearing Clerk, U.S. Department of Agriculture, Room 112, Administration Building, Washington, D.C. 20250, not later than 7 days after publication of this notice in the FEDERAL REGISTER. All written submissions made pursuant to this notice will be made available for public inspection during regular business hours (7 CFR 1.27(b)).

The proposal follows:

1. In § 989.158, revise subparagraph (3) of paragraph (e), and add a new paragraph, paragraph (f), to read:

§ 989.158 Natural condition raisins.

(e) *Inspection of raisins on dehydrator's premises.*

(3) *Packer's obligations.* Immediately upon a packer's receiving any such already inspected dehydrated raisins accompanied by the applicable memorandum report of inspection, the packer shall give to the inspector at the packer's inspection point where the dehydrated raisins were received, the original and one copy of such memorandum report so that the inspector may enter the net weight and scale ticket number on such memorandum report of inspection and copy thereof. Whenever a packer receives off-grade raisins from an authorized dehydrator he shall so advise the inspector at the packer's inspection point at the time of such receipt; and such raisins shall not be unloaded except in the presence of the inspector or in accordance with such prior arrangements as may have been made between the packer and the inspection service.

(f) *Inspection of raisins at cooperative bargaining association's receiving station—(1) Application and agreement.* (i) In accordance with the provisions of this paragraph, any cooperative bargaining association may submit to the Committee for approval, and the Com-

mittee may approve, an application and agreement, on a form furnished by the Committee, providing that where the association receives from individual producers lots of natural condition raisins at any of its receiving points and the raisins are inspected and stored consistent with such application and agreement, such lots shall be eligible for delivery to handlers, pursuant to subparagraph (3) of this paragraph, without reinspection. Any raisins which upon inspection by the inspection service do not meet the applicable grade and condition standards shall be identified immediately following inspection and kept separate and apart from any other raisins in the association's possession.

(2) *Terms and conditions.* The provisions of such application and agreement shall include at least the following terms and conditions:

(i) That the association shall, prior to delivery of any raisins to handlers, arrange for inspection services at the association's receiving station(s), and cause to be submitted to the Committee a statement by the inspection service of such arrangement and of the association's having adequate laboratory and other facilities for such services available at the association's receiving station(s).

(ii) That the association shall maintain such facilities satisfactory to the inspection service.

(iii) That the association shall request inspection of each lot of raisins immediately upon physical arrival thereof at the association's receiving station(s), and shall provide the inspector with any assistance necessary in the inspection of such raisins, including the movement of individual containers.

(iv) That the association shall fumigate all raisins received at the association's receiving station(s) as necessary to assure that the raisins are free from active infestation and maintain them as such while on such premises, and that fumigation shall be performed to the satisfaction of the inspection service.

(v) That the association shall, with respect to all raisins entering its premises which are not returned to the producer as provided in subdivision (vi) of this subparagraph, promptly affix to one or more containers in each lot, or to a container in each pallet if pallets are used, a Committee control card showing thereon such information as the Committee requires to maintain the producer identity of each lot and prevent commingling with any other lot. The association shall not move all or any portion of a lot of raisins on the premises of the association's receiving station(s) or load any such raisins for shipment, except in the presence of an inspector of the inspection service.

(vi) That the association shall store any standard raisins and any off-grade raisins which are held by it after receipt and inspection on the premises of its receiving station(s) under conditions which protect the raisins from rain, infestation and contamination, and which can be expected to maintain their respective conditions except for normal and natural deterioration and shrinkage. Any raisins which after receipt and inspection are not accepted and held by the association shall be returned to the producer within 5 business days after the issuance of the inspection certificate.

(vii) That the association shall furnish the inspection service with a completed Committee form requesting issuance, at the time of loading any lot of inspected raisins for delivery to any handler's inspection point, of a memorandum report of inspection covering such lot.

(viii) That the association shall deliver to the handler at the time of receipt of any such lot of eligible raisins at the handler's inspection point the original and one copy of the inspection service's related memorandum report of inspection; and such original and copy shall accompany the shipment of such lot from the premises of the association's receiving station(s) to the handler's inspection point.

(ix) That the association shall maintain complete records of the receipt, holding and disposition of each lot of raisins and retain such records for at least 2 years after the crop year in which such transactions occurred.

(x) That the association shall file promptly with the Committee certified reports showing such information as the Committee may request relative to the association's receipts, holdings, and dispositions of raisins.

(xi) That the association shall permit the Committee, the inspection service, and the Secretary of Agriculture, through their duly authorized representatives, to have access to the premises of the association's receiving station(s) to inspect such premises and any raisins thereon and any and all records with respect to the association's receipts, holdings, and dispositions of raisins.

(xii) That upon approval of the application and agreement, the Committee will notify handlers of such approval and that eligible lots of inspected raisins will not require incoming inspection at handler inspection points; will notify the interested handlers of any suspension or revocation, for good cause, of the eligibility of a particular lot of raisins; and will notify handlers of any suspension or termination of the application and agreement.

(xiii) That the Committee will request the inspection service to establish a fee to the association for the services to be rendered at the same rate as is charged handlers.

(xiv) That the application and agreement may be suspended or terminated as provided therein.

(3) *Waiver of requirement for incoming inspection at handler inspection point.* Any lot of raisins which (i) is inspected on the premises of the association's receiving station(s) pursuant to an approved application and agreement, (ii) is in compliance with the provisions of such application and agreement and this paragraph, (iii) is moved under the surveillance of the inspection service to a handler's inspection point from the association's receiving station(s) after issuance of the related memorandum report of inspection, and (iv) is accompanied by such memorandum report to be furnished to the handler, may be received by the handler without the inspection as required by § 989.58(d) at time of receipt.

(4) *Handler's obligations.* With respect to such raisins received by the handler, the handler shall comply with all applicable requirements and procedures of this part, including, but not limited to, the inspection prescribed in § 989.59 and that required, as prescribed in § 989.58(d), prior to the handler acquiring reconditioned raisins. Immediately upon a handler receiving any such raisins accompanied by the applicable memorandum report of inspection, the handler shall give to the inspector at the handler's inspection point where such raisins are received, the original and one copy of the memorandum report so that the inspector may enter the net weight and scale ticket number on such memorandum report of inspection and copy thereof.

2. Revise paragraph (c) of § 989.401 to read:

§ 989.401 Payment for services performed with respect to reserve tonnage raisins.

(c) *Payment of rental on boxes containing reserve tonnage raisins held beyond the crop year of acquisition.* Each handler, producer, dehydrator, and other person who furnishes boxes in which reserve tonnage raisins are held for the account of the Committee on September 1 of any crop year (commencing with the crop year beginning Sept. 1, 1967), which were also so held on August 15 of the preceding crop year, shall be compensated for the use of such boxes at the rate of 30 cents per average net weight of raisins in a sweatbox, with equivalent rates for raisins in containers other than sweatboxes. The average net weight of raisins in each type of container shall be the industry average as computed by the Committee, for the containers in which the raisins are so held. No further compensation shall be paid unless the raisins are so held in the containers on the next succeeding September 1.

17 CFR Part 989 I

HANDLING OF RAISINS PRODUCED FROM GRAPES GROWN IN CALIFORNIA

Proposed Expenses of Raisin Administrative Committee and Rate of Assessment for 1967-68 Crop Year

Notice is hereby given of a proposal regarding expenses of the Raisin Administrative Committee for the 1967-68 crop year and rate of assessment for that crop year, pursuant to §§ 989.79 and 989.80 of the marketing agreement, as amended, and Order No. 989, as amended (7 CFR Part 989; 32 F.R. 12157, 12555, 12710), regulating the handling of raisins produced from grapes grown in California. The amended marketing agreement and order are effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674).

The Raisin Administrative Committee has unanimously recommended for the crop year beginning September 1, 1967 (1967-68 crop year), a budget of expenses in the total amount of \$126,800 and an assessment rate of 80 cents per ton of assessable raisins. Expenses in that amount and the assessment rate are specified in the proposal hereinafter set forth.

All persons who desire to submit written data, views, or arguments in connection with the proposal should file the same, in quadruplicate, with the Hearing Clerk, U.S. Department of Agriculture, Room 112, Administration Building, Washington, D.C. 20250, not later than the eighth day after publication of this notice in the FEDERAL REGISTER. All written submissions made pursuant to this notice will be available for public inspection at the office of the Hearing Clerk during regular business hours (7 CFR 1.27(b)).

The proposal follows:

§ 989.318 Expenses of the Raisin Administrative Committee and rate of assessment for the 1967-68 crop year.

(a) *Expenses.* Expenses (other than those specified in § 989.82) in the amount of \$126,800 are reasonable and likely to be incurred by the Raisin Administrative Committee during the crop year beginning September 1, 1967, for the maintenance and functioning of the Committee and the Raisin Advisory Board and for such purposes as the Secretary may, in accordance with § 989.79, determine to be appropriate.

(b) *Rate of assessment.* The rate of assessment for that crop year which each handler is required, pursuant to § 989.80, to pay to the Raisin Administrative Committee as his pro rata share of the expenses is fixed at 80 cents per ton applicable to each of the following:

(1) Free tonnage raisins acquired by the handler during the crop year, exclusive of such quantity thereof as represents the assessable portions of other handlers' raisins pursuant to subparagraph (3) of this paragraph;

(2) Reserve tonnage raisins released or sold to the handler for use as free tonnage, during the crop year; and

(3) Standard raisins (which he does not acquire) recovered by the handler by the reconditioning of off-grade raisins but only to the extent of the aggregate quantity of the free tonnage portions of these standard raisins that are acquired by other handlers during the crop year.

Dated: October 23, 1967.

[7 CFR Part 991]

HANDLING OF HOPS OF DOMESTIC PRODUCTION

Proposed Expenses of the Hop Administrative Committee and Rate of Assessment for the 1967-68 Marketing Year

Notice is hereby given of a proposal regarding expenses of the Hop Administrative Committee for the 1967-68 marketing year and rate of assessment for the marketing year, pursuant to §§ 991.55 and 991.56 of Marketing Order No. 991 (7 CFR Part 991), regulating the handling of hops of domestic production, effective under the Agricultural Marketing Agreement Act of 1937, as amended (7 U.S.C. 601-674).

The Hop Administrative Committee has unanimously recommended for the 1967-68 marketing year beginning August 1, 1967, a budget of expenses in the total amount of \$156,000 and a rate of assessment of 0.3 cent per pound of salable hops. Expenses in that amount and the rate of assessment are specified in the proposal hereinafter set forth. Section 991.56(b) requires that funds in excess of a previous year's expenses shall be placed in an operating reserve not to exceed approximately 1 marketing year's operational expenses, or a lower established limit. No such lower limit has been established. Last year's operational expenses totaled approximately \$137,000 and there remains approximately \$46,000 of unexpended funds. Hence, the proposed assessment rate of 0.3 cent per pound, plus the operating reserve, if needed, will assure sufficient funds in view of present estimates of assessable poundage, to meet the expenses of the Hop Administrative Committee.

All persons who desire to submit written data, views, or arguments in connection with the aforesaid proposal should file the same, in quadruplicate, with the Hearing Clerk, U.S. Department of Agriculture, Room 112, Administration Building, Washington, D.C. 20250, not later than the eighth day after publication of this notice in the FEDERAL REGISTER. All written submissions made pursuant to this notice will be made available for public inspection at the office of the Hearing Clerk during regular business hours (7 CFR 1.27(b)).

The proposal is as follows:

§ 991.302 Expenses of the Hop Administrative Committee and rate of assessment for the 1967-68 marketing year.

(a) *Expenses.* Expenses in the amount of \$156,000 are reasonable and likely to be incurred by the Hop Administrative Committee during the marketing year beginning August 1, 1967, for its maintenance and functioning and for such purposes as the Secretary may, pursuant to the provisions of this part, determine to be appropriate.

(b) *Rate of assessment.* The rate of assessment for said marketing year, payable by each handler in accordance with § 991.56, is fixed at 0.3 cent per pound of salable hops.

Dated: October 23, 1967.

Deputy Director,

Food and Drug Administration

[21 CFR Part 1]

PRESCRIPTION DRUGS

Use of Established Names in Labeling and Advertising

On the basis of a study of the regulations relating to the use of established names in the labeling and advertising of prescription drugs, and pursuant to the provisions of the Federal Food, Drug, and Cosmetic Act (secs. 502 (e), (n), 701, 52 Stat. 1050, 1051, as amended 76 Stat. 790, 791, 792, 52 Stat. 1055, as amended 70 Stat. 919, 72 Stat. 948; 21 U.S.C. 352 (e), (n), 371) and under the authority delegated to him by the Secretary of Health, Education, and Welfare (21 CFR 2.120), the Commissioner of Food and Drugs proposes that §§ 1.104(g) (1) and 1.105(b) (1) be revised to read as follows:

§ 1.104 Drugs; statement of ingredients.

(g) (1) If the label or labeling of a prescription drug bears a proprietary name or designation for the drug or any ingredient thereof, the established name, if such there be, corresponding to such proprietary name or designation shall accompany such proprietary name or designation each time it is featured on the label or in the labeling for the drug; but, except as provided below in this subparagraph, the established name need not be used with the proprietary name or designation in the running text of the label or labeling. On any label or page of labeling in which the proprietary name or designation is not featured but is used in the running text, the established name shall be used at least once in the running text in association with such proprietary name or designation and in the same

type size used in such running text: *Provided, however,* That if the proprietary name or designation is used in the running text in larger size type, the established name shall be used at least once in association with, and in type at least half as large as the type used for, the most prominent presentation of the proprietary name or designation in such running text. If any labeling includes a column with running text containing detailed information as to composition, prescribing, side effects, or contraindications and the proprietary name or designation is used in such column but is not featured above or below the column, the established name shall be used at least once in such column of running text in association with such proprietary name or designation and in the same type size used in such column of running text: *Provided, however,* That if the proprietary name or designation is used in such column of running text in larger size type, the established name shall be used at least once in association with, and in type at least half as large as the type used for, the most prominent presentation of the proprietary name or designation in such column of running text. Where the established name is required to accompany or to be used in association with the proprietary name or designation, the established name shall be placed in direct conjunction with the proprietary name or designation, and the relationship between the proprietary name or designation and the established name shall be made clear by use of a phrase such as "brand of" preceding the established name, by brackets surrounding the established name, or by other suitable means.

§ 1.105 Prescription-drug advertisements.

(B) (1) If an advertisement for a prescription drug bears a proprietary name or designation for the drug or any ingredient thereof, the established name, if such there be, corresponding to such proprietary name or designation shall accompany such proprietary name or designation each time it is featured in the advertisement for the drug; but, except as provided below in this subparagraph, the established name need not be used with the proprietary name or designation in the running text of the advertisement. On any page of an advertisement in which the proprietary name or designation is not featured but is used in the running text, the established name shall be used at least once in the running text in association with such proprietary name or designation and in the same type size used in the running text: *Provided, however,* That if the proprietary name or designation is used in the running text in larger size type, the established name shall be used at least once in association with, and in type at least half as large as the type used for, the most prominent presentation of the proprietary name or designation in such running text. If any advertisement includes a column with

running text containing detailed information as to composition, prescribing, side effects, or contraindications and the proprietary name or designation is used in such column but is not featured above or below the column, the established name shall be used at least once in such column of running text in association with such proprietary name or designation and in the same type size used in such column of running text: *Provided, however,* That if the proprietary name or designation is used in such column of running text in larger size type, the established name shall be used at least once in association with, and in type at least half as large as the type used for, the

most prominent presentation of the proprietary name or designation in such column of running text. Where the established name is required to accompany or to be used in association with the proprietary name or designation, the established name shall be placed in direct conjunction with the proprietary name or designation, and the relationship between the proprietary name or designation and the established name shall be made clear by use of a phrase such as "brand of" preceding the established name, by brackets surrounding the established name, or by other suitable means.

All interested persons are invited to submit their views in writing, preferably

in quintuplicate, regarding this proposal. Such views and comments should be addressed to the Hearing Clerk, Department of Health, Education, and Welfare, Room 5440, 330 Independence Avenue SW., Washington, D.C. 20201, within 30 days following the date of publication of this notice in the *FEDERAL REGISTER*. Comments may be accompanied by a memorandum or brief in support thereof.

Dated: October 20, 1967.

MOISES LLANES CO.

Notice of Loan Application

OCTOBER 20, 1967.

Moises Llanes Co., 4753 60th Street, San Diego, Calif. 92115, has applied for a loan from the Fisheries Loan Fund to aid in financing the construction of a new 81-foot overall length steel vessel to engage in the fishery for albacore, yellowfin, bluefin and skipjack tuna, bonito, and yellowtail.

Notice is hereby given pursuant to the provisions of Public Law 89-85 and Fisheries Loan Fund Procedures (50 CFR Part 250, as revised Aug. 11, 1965) that the above-entitled application is being

considered by the Bureau of Commercial Fisheries, Fish and Wildlife Service, Department of the Interior, Washington, D.C. 20240. Any person desiring to submit evidence that the contemplated operation of such vessel will cause economic hardship or injury to efficient vessel operators already operating in that fishery must submit such evidence in writing to the Director, Bureau of Commercial Fisheries, within 30 days from the date of publication of this notice. If such evidence is received it will be evaluated along with such other evidence as may be available before making a determination that the contemplated operations of the vessel will or will not cause such economic hardship or injury.

Packers and Stockyards Administration

BAKERSFIELD CATTLE AUCTION ET AL.

Proposed Posting of Stockyards

The Acting Chief, Registrations, Bonds and Reports Branch, Packers and Stockyards Administration, U.S. Department of Agriculture, has information that the livestock markets named below are stockyards as defined in section 302 of the Packers and Stockyards Act, 1921, as amended (7 U.S.C. 202), and should be made subject to the provisions of the Act.

Bakersfield Cattle Auction, Bakersfield, Calif.
Tallula Auction Co., Tallula, Ill.
Bonner Springs Auction, Inc., Linwood, Kans.
Northampton Coop Auction Assoc., Inc., Whately, Mass.
Valley Livestock Auction Co., Albuquerque, N. Mex.
Carnegie Livestock Auction, Carnegie, Okla.
El Paso Livestock Auction Co., Inc., El Paso, Tex.
Botta Livestock Pavilion & Arena, Inc., Ellensburg, Wash.

Notice is hereby given, therefore, that the said Acting Chief, pursuant to authority delegated under the Packers and Stockyards Act, 1921, as amended (7 U.S.C. et seq.), proposes to issue a rule designating the stockyards named above as postal stockyards subject to the provisions of the Act, as provided in section 302 thereof.

Any person who wishes to submit written data, views, or arguments concerning the proposed rule, may do so by filing them with the Acting Chief, Registrations, Bonds and Reports Branch, Packers and Stockyards Administration, U.S. Department of Agriculture, Washington, D.C. 20250, within 15 days after publication in the FEDERAL REGISTER.

All written submissions made pursuant to this notice shall be made available for public inspection at such times and places in a manner convenient to the public business (7 CFR 1.27(b)).

Done at Washington, D.C., this 23d day of October 1967.

G. H. HOPPER,
Acting Chief, Registrations,
Bonds, and Reports Branch,
Livestock Marketing Division.

SALMON SALE YARDS ET AL.

Deposting of Stockyards

It has been ascertained, and notice is hereby given, that the livestock markets named herein, originally posted on the respective dates specified below as being subject to the Packers and Stockyards Act, 1921, as amended (7 U.S.C. 181 et seq.), no longer come within the defini-

tion of a stockyard under said Act and are, therefore, no longer subject to the provisions of the Act.

Name, location of stockyard, and date of posting

Salmon Sale Yards, Salmon, Idaho, Oct. 19, 1959.
 Exira Auction Company, Exira, Iowa, June 1, 1959.
 Oxford Auction Company, Inc., Oxford, Iowa, Aug. 5, 1958.
 Baltimore Union Stock Yards, Inc., Baltimore, Md., Nov. 1, 1921.
 Valley Livestock Auction Co., Albuquerque, N. Mex., Dec. 20, 1939.
 Pasco Central Stockyards, Inc., Pasco, Wash., Sept. 23, 1959.

Notice or other public procedure has not preceded promulgation of the foregoing rule since it is found that the giving of such notice would prevent the due and timely administration of the Packers and Stockyards Act and would, therefore, be impracticable and contrary to the public interest. There is no legal warrant or justification for not deposing promptly a stockyard which is no longer within the definition of that term contained in the Act.

The foregoing is in the nature of a rule granting an exemption or relieving a restriction and, therefore, may be made effective in less than 30 days after publication in the FEDERAL REGISTER. This notice shall become effective upon publication in the FEDERAL REGISTER.

(42 Stat. 159, as amended and supplemented; 7 U.S.C. 181 et seq.)

Done at Washington, D.C., this 23d day of October 1967.

FEDERAL POWER COMMISSION

[Docket Nos. G-11893 etc.]

MOBIL OIL CORP. ET AL.

Notice of Applications for Certificates, Abandonment of Service and Petitions To Amend Certificates¹

OCTOBER 12, 1967.

Take notice that each of the Applicants listed herein has filed an application or petition pursuant to section 7 of the Natural Gas Act for authorization to sell natural gas in interstate commerce or to abandon service heretofore authorized as describe herein, all as more fully described in the respective applications and amendments which are on file with the Commission and open to public inspection.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) on or before November 2, 1967.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on all applications in which no protest or petition to intervene is filed within the time required herein if the Commission on its own review of the matter believes that a grant of the certificates or the authorization for the proposed abandonment is required by the public convenience and necessity. Where a protest or petition for leave to intervene is timely filed, or where the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given: *Provided, however*, That pursuant to (18 CFR 2.56), as amended, all permanent certificates of public convenience and necessity granting applications, filed after April 15, 1965, without further notice, will contain a condition precluding any filing of an increased rate at a price in excess of that designated for the particular area of production for the period prescribed therein unless at the time of filing such certificate application, or within the time fixed herein for the filing of protests or petitions to intervene the Applicant indicates in writing that it is unwilling to accept such a condition. In the event Applicant is unwilling to accept such condition the application will be set for formal hearing.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicants to appear or be represented at the hearing.

GORDON M. GRANT,
Secretary.

HAZEL WOODFORD ET AL.

Findings and Order

OCTOBER 17, 1967.

Findings and order after statutory hearing issuing certificates of public convenience and necessity, amending certificates, permitting and approving abandonment of service, terminating certificates, making successor co-respondent, redesignating proceeding, accepting agreement and undertaking for filing, and accepting related rate schedules and supplements for filing.

Each of the Applicants listed herein has filed an application pursuant to section 7 of the Natural Gas Act for a certificate of public convenience and necessity authorizing the sale and delivery of natural gas in interstate commerce, for permission and approval to abandon service, or a petition to amend an existing certificate authorization, all as more

fully described in the respective applications and petitions (and any supplements or amendments thereto) which are on file with the Commission.

The Applicants herein have filed related FPC gas rate schedules and propose to initiate or abandon, add or delete natural gas service in interstate commerce as indicated by the tabulation herein. All sales certificated herein are at rates either equal to or below the ceiling prices established by the Commission's statement of general policy No. 61-1, as amended, or involve sales for which permanent certificates have been previously issued.

M. L. Sloan, Applicant in Docket No. CI61-1068, proposes to continue the sale of natural gas heretofore authorized in said docket to be made pursuant to Braden-Deem, Inc., Agent (Operator), et al., FPC Gas Rate Schedule No. 5. Said rate schedule will be redesignated as that of Applicant. The presently effective rate under said rate schedule is in effect sub-

ject to refund in Docket No. RI66-347. Applicant has filed a motion to be made co-respondent in said proceeding, together with an agreement and undertaking to assure the refund of any amounts collected by him in excess of the amount determined to be just and reasonable in said proceeding. Therefore, Applicant will be made co-respondent, the proceeding will be redesignated accordingly, and the agreement and undertaking will be accepted for filing.

The Commission's staff has reviewed each application and recommends each action ordered as consistent with all substantive Commission policies and required by the public convenience and necessity.

After due notice, no petitions to intervene, notices of intervention, or protests to the granting of any of the respective applications or petitions in this order have been received.

At a hearing held on October 12, 1967, the Commission on its own motion received and made a part of the record in these proceedings all evidence, including the applications, amendments, and exhibits thereto, submitted in support of the respective authorizations sought herein, and upon consideration of the record,

The Commission finds:

(1) Each Applicant herein is a "natural-gas company" within the meaning of the Natural Gas Act as heretofore found by the Commission or will be engaged in the sale of natural gas in interstate commerce for resale for ultimate public consumption, subject to the jurisdiction of the Commission, and will, therefore, be a "natural-gas company" within the meaning of said Act upon the commencement of the service under the respective authorizations granted hereinafter.

(2) The sales of natural gas hereinbefore described, as more fully described in the respective applications, amendments, and/or supplements herein, will be made in interstate commerce, subject to the jurisdiction of the Commission and such sales by the respective Applicants, together with the construction and operation of any facilities subject to the jurisdiction of the Commission necessary therefor, are subject to the requirements of subsections (c) and (e) of section 7 of the Natural Gas Act.

(3) The respective Applicants are able and willing properly to do the acts and to perform the services proposed and to conform to the provisions of the Natural Gas Act and the requirements, rules, and regulations of the Commission thereunder.

(4) The sales of natural gas by the respective Applicants, together with the construction and operation of any facilities subject to the jurisdiction of the Commission necessary therefor, are required by the public convenience and necessity and certificates therefore should be issued as hereinafter ordered and conditioned.

(5) It is necessary and appropriate in carrying out the provisions of the Natural Gas Act and the public convenience

and necessity require that the certificate authorizations heretofore issued by the Commission in Docket Nos. G-5604, G-6670, G-12733, G-15714, G-16993, CI60-53, CI60-175, CI61-359, CI61-1068, CI61-1470, CI61-1763, CI63-20, CI65-1159, CI66-992, CI66-1264, CI67-107, CI67-400, CI67-763, and CI67-1089 should be amended as hereinafter ordered and conditioned.

(6) It is necessary and appropriate in carrying out the provisions of the Natural Gas Act that the certificates heretofore issued in the following dockets should be amended to reflect the deletion of acreage where new certificates are issued herein to authorize service from the subject acreage:

Amend to delete acreage	New certificates
G-12577.....	CI68-146
G-13385.....	CI68-146
G-18748.....	CI67-1819
G-19372.....	CI65-442
CI62-1388.....	CI68-187
CI65-1190.....	CI68-42

(7) The sales of natural gas proposed to be abandoned by the respective Applicants, as hereinbefore described, all as more fully described in the respective applications and in the tabulation herein, are subject to the requirements of subsection (b) of section 7 of the Natural Gas Act, and such abandonments should be permitted and approved as herein-after ordered.

(8) It is necessary and appropriate in carrying out the provisions of the Natural Gas Act that the certificates of public convenience and necessity heretofore issued to the respective Applicants relating to the abandonments hereinafter permitted and approved should be terminated.

(9) It is necessary and appropriate in carrying out the provisions of the Natural Gas Act that M. L. Sloan should be co-respondent in the proceeding pending in Docket No. RI66-347, that said proceeding should be redesignated accordingly, and that the agreement and undertaking submitted by him in said proceeding should be accepted for filing.

(10) It is necessary and appropriate in carrying out the provisions of the Natural Gas Act that the respective related rate schedules and supplements as designated in the tabulation herein should be accepted for filing as herein-after ordered.

The Commission orders:

(A) Certificates of public convenience and necessity are issued upon the terms and conditions of this order, authorizing the sales by the respective Applicants herein of natural gas in interstate commerce for resale, together with the construction and operation of any facilities subject to the jurisdiction of the Commission necessary for such sales, all as hereinbefore described and as more fully described in the respective applications, amendments, supplements, and exhibits in this proceeding.

(B) The certificates granted in paragraph (A) above are not transferable and shall be effective only so long as Applicants continue the acts or operations hereby authorized in accordance

with the provisions of the Natural Gas Act and the applicable rules, regulations, and orders of the Commission.

(C) The grant of the certificates issued in paragraph (A) above shall not be construed as a waiver of the requirements of section 4 of the Natural Gas Act or of Part 154 or Part 157 of the Commission's regulations thereunder, and is without prejudice to any findings or orders which have been or may hereafter be made by the Commission in any proceedings now pending or hereafter instituted by or against the respective Applicants. Further, our action in this proceeding shall not foreclose nor prejudice any future proceedings or objections relating to the operation of any price or related provisions in the gas purchase contracts herein involved. Nor shall the grant of the certificates aforesaid for service to the particular customers involved imply approval of all of the terms of the respective contracts particularly as to the cessation of service upon termination of said contracts, as provided by section 7(b) of the Natural Gas Act. Nor shall the grant of the certificates aforesaid be construed to preclude the imposition of any sanctions pursuant to the provisions of the Natural Gas Act for the unauthorized commencement of any sales of natural gas subject to said certificates.

(D) The grant of the certificates issued herein on all applications filed after April 15, 1965, and July 1, 1967, is upon the condition that no increase in rate which would exceed the ceiling prescribed for the given area by paragraphs (d) (1), (d) (2), and (d) (3) of the Commission's statement of general policy No. 61-1, as amended, shall be filed prior to the applicable dates as indicated by footnotes 24 and 2, respectively, in the tabulation set forth below.

(E) The certificate issued herein in Docket No. CI68-183, involving the sale of gas by Anadarko Production Co. to its affiliate, Panhandle Eastern Pipe Line Co., determines the rate which legally may be paid by the buyer to the seller, but is without prejudice to any action which the Commission may take in any rate proceeding involving either company.

(F) A certificate is issued herein to Applicant in Docket No. CI67-1819 subject to the same conditions imposed upon the predecessor in the order accompanying Opinion Nos. 390 and 390-A (29 FPC 1175).

(G) Certificates are issued herein in Docket Nos. CI66-1110, CI66-1136, CI66-1137, and CI68-171 authorizing the respective Applicants to continue the sales of natural gas which were initiated without prior Commission authorization.

(H) The acceptance for filing of the related rate schedule in Docket No. CI66-1110 is contingent upon Applicant's filing three copies of a billing statement for the first month's service showing the method of billing and prices used as required by the regulations under the Natural Gas Act.

(I) The certificates heretofore issued in Docket Nos. G-6670, G-12733, G-15714, G-16993, CI60-53, CI60-175, CI61-

359, CI61-1470, CI61-1763, CI63-20, CI65-1159, CI66-992, CI66-1264, CI67-107, and CI67-1089 are amended by adding thereto or deleting therefrom authorization to sell natural gas to the same purchasers and in the same areas as covered by the original authorizations pursuant to the rate schedule supplements as indicated in the tabulation herein.

(J) The certificates heretofore issued in the following dockets are amended to reflect the deletion of acreage where new certificates are issued herein to authorize service from the subject acreage:

Amend to delete acreage	New certificates
G-12577.....	CI68-146
G-13385.....	CI68-146
G-18748.....	CI67-1819
G-19372.....	CI65-442
CI62-1388.....	CI68-187
CI65-1190.....	CI68-42

(K) The certificates heretofore issued in Docket Nos. G-5604 and CI61-1068 are amended by changing the certificate holders to the respective successors in interest as indicated in the tabulation herein.

(L) The certificates heretofore issued in Docket Nos. CI67-400 and CI67-763 are amended to reflect the change in operator from C. F. Raymond et al., to Exeter Drilling Co., agent (Operator), et al., as indicated in the tabulation herein.

(M) Permission for and approval of the abandonment of service by the respective Applicants, as hereinbefore described, all as more fully described in the respective applications and in the tabulation herein, are granted.

(N) The certificate heretofore issued in Docket No. G-7889 is terminated only insofar as it pertains to W. B. Inabnet et al., FPC Gas Rate Schedule No. 8.

(O) The certificates heretofore issued in Docket Nos. G-3032, G-18629, CI61-1033, and CI64-264 are terminated.

(P) M. L. Sloan shall be a co-respondent in the proceeding pending in Docket No. RI66-347, the proceeding is redesignated accordingly,¹ and the agreement and undertaking submitted by him is accepted for filing.

(Q) M. L. Sloan shall comply with the refunding and reporting procedure required by the Natural Gas Act and § 154.102 of the regulations thereunder, and the agreement and undertaking submitted by him in Docket No. RI66-347 shall remain in full force and effect until discharged by the Commission.

(R) The respective related rate schedules and supplements as indicated in the tabulation herein are accepted for filing; further, the rate schedules relating to the successions herein are accepted and redesignated, subject to the applicable Commission regulations under the Natural Gas Act to be effective on the dates as indicated in the tabulation herein.

By the Commission.

[Docket No. CP68-128]

CITIES SERVICE GAS CO.**Notice of Application**

OCTOBER 19, 1967.

Take notice that on October 13, 1967, Cities Service Gas Co. (Applicant), Post Office Box 25128, Oklahoma City, Okla. 73125, filed in Docket No. CP68-128 an application pursuant to subsection (c) of section 7 of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of certain natural gas facilities and the sale and delivery of volumes of natural gas, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Specifically, Applicant seeks authorization to construct and operate approximately 12.5 miles of 12-inch pipeline and appurtenant measuring and regulating facilities, said facilities extending generally northward from its 26-inch Kansas-Hugoton transmission pipeline to the plantsite of Farmland Industries, Inc. (Farmland). Applicant also seeks authorization to sell and deliver to Farmland, through the facilities proposed above, volumes of natural gas for use as fuel and raw material in the manufacture of fertilizer products. Applicant states that Farmland estimates its third year peak daily and annual natural gas requirements at 24,864 Mcf and 8,453,845 Mcf, respectively.

Applicant estimates the total cost of the facilities proposed at approximately \$472,700, said cost to be financed from treasury cash.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (§ 157.10) on or before November 17, 1967.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no protest or petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a protest or petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

EASTERN SHORE NATURAL GAS CO.**Notice of Application**

OCTOBER 19, 1967.

Take notice that on October 11, 1967, Eastern Shore Natural Gas Co. (Applicant), 114 East Main Street, Salisbury, Md. 21801, filed in Docket No. CP68-120 an application pursuant to subsection (c) of section 7 of the Natural Gas Act for a certificate of public convenience and necessity authorizing the sale and delivery of volumes of natural gas, pursuant to a different rate schedule, to four existing resale customers, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Specifically, Applicant seeks authorization to initiate the sale of natural gas to Cambridge Gas Co. and Citizens Gas Division, Dover Gas Light Division, and Sussex Gas Division of Chesapeake Utilities Corp. under Applicant's Rate Schedule I-1. Applicant estimates the total sales during the first 12 months of service at approximately 110,400 Mcf of natural gas. Applicant states that the proposed rendition of service, under its Rate Schedule I-1, will enable these customers to purchase interruptible natural gas at a higher priority than is presently possible under Applicant's Rate Schedule E-1 under which they presently receive deliveries, thereby improving the service which these distributors can render to their customers. Applicant states that no new or additional facilities are or will be required to render the service proposed above.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (§ 157.10) on or before November 16, 1967.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no protest or petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a protest or petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

MICHIGAN WISCONSIN PIPE LINE CO.**Notice of Application**

OCTOBER 19, 1967.

Take notice that on October 11, 1967, Michigan Wisconsin Pipe Line Co. (Applicant), 1 Woodward Avenue, Detroit, Mich. 48226, filed in Docket No. CP68-124 an application pursuant to subsection (c) of section 7 of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of certain natural gas facilities, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Specifically, Applicant seeks authorization to construct and operate a sales measuring station to be used as a new and additional point of delivery of volumes of natural gas to Paris-Henry County Public Utility District (Paris), said facilities to be located at Applicant's Cottage Grove Compressor Station, Cottage Grove, Tenn. Applicant states that the new delivery point proposed above will be used by Paris to sell and deliver volumes of natural gas to Big Chief Drilling Co. (Chief) for use in exploratory drilling operations to be conducted in the vicinity of Applicant's Cottage Grove Compressor Station. Applicant further states that the volumes of natural gas to be delivered to Paris at the proposed delivery point will be from volumes previously authorized by the Commission.

Applicant estimates the total cost of the facilities proposed at approximately \$2,884, said cost to be financed from funds provided by Paris which in turn will be provided by Chief.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (§ 157.10) on or before November 16, 1967.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no protest or petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a protest or petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

TEXAS EASTERN TRANSMISSION CORP.

Notice of Application

OCTOBER 19, 1967.

Take notice that on October 11, 1967, Texas Eastern Transmission Corp. (Applicant), Post Office Box 2521, Houston, Tex. 77001, filed in Docket No. CP68-125 a "budget-type" application pursuant to subsection (c) of section 7 of the Natural Gas Act, as implemented by § 157.7(b) of the regulations under the Act, for a certificate of public convenience and necessity authorizing the construction and operation of certain natural gas facilities, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Specifically, Applicant seeks authorization to construct and operate, during calendar year 1968, various facilities necessary to enable it to act with reasonable dispatch in contracting for and connecting to its certificated main pipeline system additional volumes of natural gas which are or will become available in numerous areas generally co-extensive with its system. Applicant states that it does not propose herein to make any new or additional sales of natural gas.

The total estimated cost of the facilities proposed to be constructed by Applicant will not exceed \$2 million with no single project to exceed a cost of \$500,000, said cost to be financed from funds on hand.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (§ 157.10) on, or before November 16, 1967.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no protest or petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a protest or petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be

[Docket No. RI68-203]

ATLANTIC RICHFIELD CO.

Order Providing for Hearing on and Suspension of Proposed Change in Rate

OCTOBER 20, 1967.

On September 21, 1967, Atlantic Richfield Co. (Atlantic)¹ tendered for filing a proposed change in its presently effective rate schedule for sales of natural gas subject to the jurisdiction of the Commission. The proposed change, which constitutes an increased rate and charge, is contained in the following designated filing:

Description: Notice of change, dated September 19, 1967.

Purchaser and producing area: United Gas Pipe Line Co. (Mustang Island Field, San Patricio and Nueces Counties, Tex.) (R.R. District No. 4).

Rate schedule designation: Supplement No. 13 to Atlantic's FPC Gas Rate Schedule No. 49.

Effective date: October 22, 1967.²

Amount of annual increase: \$75,755.

Effective rate: 14.6 cents per Mcf.³

Proposed rate: 15.6 cents per Mcf.⁴

Pressure base: 14.65 p.s.i.a.

Atlantic proposes a "fractured" rate increase, from a 14.6-cent second amendment settlement rate approved by Commission order issued October 8, 1964, in Docket Nos. G-9283 et al., to a rate of 15.6 cents per Mcf, for gas sold to United Gas Pipe Line Co. from the Mustang Island Field, San Patricio, and Nueces Counties, Tex. (Railroad District No. 4). The proposed increase amounts to \$75,755 annually.

Although contractually entitled to a renegotiated rate of 16 cents, as provided for by an amendment to its basic contract submitted on July 14, 1967, and accepted for filing as Supplement No. 12 to Atlantic's FPC Gas Rate Schedule No. 49, effective as of August 14, 1967, Atlantic is fracturing its contractually authorized rate so as not to be in conflict with the provisions of the Second Amendment to the Policy Statement which permits Atlantic to file for increases in rate not in excess of 1 cent per Mcf under this rate schedule. Since Atlantic's proposed 15.6-cent rate exceeds

¹ Address is: Post Office Box 2819, Dallas, Tex. 75221. Attention: Robert E. Wade, Esquire.

² The stated effective date is the first day after expiration of the statutory notice.

³ Settlement rate as approved by Commission order issued October 8, 1964, in Docket Nos. G-9283 and G-9284, et al. Moratorium on filing rate increases expired on Aug. 1, 1967.

⁴ "Fractured" rate increase. Atlantic contractually due 16 cents per Mcf but limiting increase so as not to exceed 1-cent increase limit imposed on second amendment type settlements.

the increased ceiling level of 14.6 cents established by the Commission for rate schedules settled pursuant to the second amendment to statement of general policy No. 61-1, it is suspended for 5 months from October 22, 1967, the date of expiration of the statutory notice.

Atlantic requests waiver of the notice requirements of § 154.94(b) of the Commission's regulations under the Natural Gas Act to permit the proposed change in rate to become effective on August 1, 1967, the date of expiration of the moratorium period provided by the aforementioned October 8, 1964 settlement order, or, in any event, that the suspension period be shortened so that the proposed increase can be placed into effect subject to refund on the same date as other proposed increases filed on August 1, 1967, and suspended in Docket Nos. RI68-90 et al., until February 1, 1968. Good cause has not been shown for waiving the 30-day notice requirement provided in section 4(d) of the Natural Gas Act to permit an earlier effective date for Atlantic's rate filing, or for shortening the suspension period with respect to such rate filing to February 1, 1968, and Atlantic's request is denied.

The proposed changed rate and charge may be unjust, unreasonable, unduly discriminatory, or preferential, or otherwise unlawful.

The Commission finds: It is necessary and proper in the public interest and to aid in the enforcement of the provisions of the Natural Gas Act that the Commission enter upon a hearing concerning the lawfulness of the proposed change, and that Supplement No. 13 to Atlantic's FPC Gas Rate Schedule No. 49 be suspended and the use thereof deferred as hereinafter ordered.

The Commission orders:

(A) Pursuant to the authority of the Natural Gas Act, particularly sections 4 and 15 thereof, the Commission's rules of practice and procedure, and the regulations under the Natural Gas Act (18 CFR Ch. I), a public hearing shall be held upon a date to be fixed by notice from the Secretary concerning the lawfulness of the proposed increased rate and charge contained in Supplement No. 13 to Atlantic's FPC Gas Rate Schedule No. 49.

(B) Pending such hearing and decision thereon, Supplement No. 13 to Atlantic's FPC Gas Rate Schedule No. 49 is hereby suspended and the use thereof deferred until March 22, 1968, and thereafter until such further time as it is made effective in the manner prescribed by the Natural Gas Act.

(C) Neither the supplement hereby suspended nor the rate schedule sought to be altered thereby, shall be changed until this proceeding has been disposed of or until the period of suspension has expired, unless otherwise ordered by the Commission.

(D) Notices of intervention or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8

and 1.37(f)) on or before December 6, 1967.

By the Commission.

EL PASO NATURAL GAS CO.

Notice of Application

OCTOBER 20, 1967.

Take notice that on October 13, 1967, El Paso Natural Gas Co. (Applicant), Post Office Box 1492, El Paso, Tex. 79999, filed in Docket No. CP68-129 an application pursuant to subsection (c) of section 7 of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of certain natural gas facilities and the sale and delivery of additional volumes of natural gas to an existing resale customer, all as more fully set forth in the application which is on file with the Commission and open to public inspection.

Specifically, Applicant seeks authorization to construct and operate approximately 19 miles of 8 $\frac{1}{2}$ -inch O.D. and 6 $\frac{1}{2}$ -inch O.D. pipeline, together with four measuring and regulating stations, extending generally southward from its mainline system near Tucson, Ariz. Applicant also seeks authorization to sell and deliver to Tucson Gas & Electric Co. (Tucson), through the facilities proposed above, additional volumes of natural gas for resale to certain mining companies for use in their respective mining operations in Pima County, Ariz. Applicant states that Tucson estimates its third year peak daily and annual natural gas requirements for the four mining customers at 16,792 Mcf and 5,089,200 Mcf, respectively.

Applicant estimates the total cost of the facilities proposed at approximately \$639,508, said cost to be financed from working funds, supplemented as necessary by short-term bank loans.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) and the regulations under the Natural Gas Act (§ 157.10) on or before November 17, 1967.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on this application if no protest or petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a protest or petition for leave to inter-

vene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

[Docket Nos. CP68-130-CP68-132]

JUAREZ GAS TRANSPORTATION CO., INC.

Notice of Applications

OCTOBER 23, 1967.

Take notice that on October 13, 1967, Juarez Gas Transportation Co., Inc. (Applicant), Suite 7, El Paso National Bank Building, El Paso, Tex. 79901, filed in Docket No. CP68-130 an application pursuant to section 7(c) of the Natural Gas Act for a certificate of public convenience and necessity authorizing the construction and operation of certain facilities in El Paso, Tex., for the transportation and sale in interstate commerce of natural gas to be purchased from El Paso Natural Gas Co. for export and sale at the international boundary to the Juarez Gas Co., S.A. (Juarez Gas). Concurrently with the aforementioned application Applicant has filed in Docket No. CP68-131 an application pursuant to section 3 of the Act for authorization to export natural gas from the United States across the international boundary into the Republic of Mexico, and has filed pursuant to Executive Order No. 10485 for a Presidential permit authorizing the construction, operation, maintenance, and connection of facilities at the border of the United States and the Republic of Mexico for the exportation of natural gas from the United States to Juarez Gas for distribution in the city of Juarez, Chihuahua, Mexico. The above-described proposal is more fully set forth in the applications which are on file with the Commission and open to public inspection.

The proposal in the above-listed applications is a mutually exclusive and competitive alternative to the transportation and sale proposed by Del Norte Natural Gas Co. in its applications in Docket Nos. CP66-104 and CP66-106, by El Paso Natural Gas Co. and El Paso Gas Transportation Corp. in Docket No. CP66-105, and by Southern Union Gas Co. in Docket No. G-513.

Specifically, Applicant proposes under the application in Docket No. CP68-130 to construct about 550 feet of 10 $\frac{3}{4}$ -inch O.D. pipeline connecting the 16-inch interstate transmission pipeline of El Paso Gas Transportation Corp. with a 10 $\frac{3}{4}$ -inch O.D. pipeline of Juarez Gas at the international border. Said 550 feet of pipeline will be used to transport in interstate commerce natural gas pro-

posed to be purchased by Applicant from El Paso Natural Gas Co., transported by El Paso Gas Transportation Corp. to the point of delivery of Applicant, in quantities adequate to supply the full present and future natural gas requirements of Juarez Gas.

The total estimated cost of the proposed facilities is \$24,563 which will be financed by the sale of common stock of Applicant to Juarez Gas.

By the application in Docket No. CP68-131 Applicant seeks pursuant to section 3 of the Natural Gas Act authorization to export to the Republic of Mexico natural gas which will be sold to Juarez Gas at a price of 30.51 cents per Mcf at 14.73 p.s.i.a. The estimated peak day and annual requirements of Juarez Gas by 1970 are 8,949 Mcf and 919,027 Mcf, respectively, at 14.73 p.s.i.a. The gas will be resold and distributed in the city of Juarez, Chihuahua, Mexico, and environs.

By the application in Docket No. CP68-132 Applicant seeks that a Presidential permit in accord with the provision of Executive Order No. 10485 be issued authorizing the construction, operation, maintenance, and connection of at-the-border facilities to be used for the exportation of natural gas by Applicant, as more fully described in the applications in Docket Nos. CP68-130 and CP68-131, to Juarez Gas at the international boundary between the United States and the Republic of Mexico, such boundary being between El Paso, Tex., and the city of Juarez, Chihuahua, Mexico.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.10) for all three applications, and the regulations under the Natural Gas Act (§ 157.10) for the application in Docket No. CP68-130, on or before November 17, 1967.

Take further notice that, pursuant to the authority contained in and subject to the jurisdiction conferred upon the Federal Power Commission by sections 7 and 15 of the Natural Gas Act and the Commission's rules of practice and procedure, a hearing will be held without further notice before the Commission on the application in Docket No. CP68-130 if no protest or petition to intervene is filed within the time required herein, if the Commission on its own review of the matter finds that a grant of the certificate is required by the public convenience and necessity. If a protest or petition for leave to intervene is timely filed, or if the Commission on its own motion believes that a formal hearing is required, further notice of such hearing will be duly given.

Under the procedure herein provided for, unless otherwise advised, it will be unnecessary for Applicant to appear or be represented at the hearing.

SOUTHERN NATURAL GAS CO.**Notice of Petition To Amend**

OCTOBER 20, 1967.

Take notice that on October 17, 1967, Southern Natural Gas Co. (Petitioner), Post Office Box 2563, Birmingham, Ala. 35202, filed in Docket No. CP68-26 a petition to amend the order issued by the Commission September 21, 1967, by authorizing Petitioner to render temporary peaking gas service to an additional resale customer, all as more fully set forth in the petition to amend which is on file with the Commission and open to public inspection.

By the above-mentioned order, Petitioner was authorized to render a temporary peaking gas service of up to 50,210 Mcf per day of natural gas for 21 of its resale customers, during the period November 1, 1967, through October 31, 1968. By the instant filing, Petitioner seeks authorization to provide such service to Gas Light Company of Columbus (Gas), Columbus, Ga., for the same time period and in volumes of up to 1,000 Mcf per day of natural gas. Petitioner, therefore, seeks authorization to provide temporary peaking gas service to 22 of its resale customers in volumes of up to a total of 51,210 Mcf per day of natural gas during the period November 1, 1967, through October 31, 1968.

Protests or petitions to intervene may be filed with the Federal Power Commission, Washington, D.C. 20426, in accordance with the rules of practice and procedure (18 CFR 1.8 or 1.0) and the regulations under the Natural Gas Act (§ 157.10) on or before November 20, 1967.

ATOMIC ENERGY COMMISSION

[Docket No. 50-268]

GENERAL ELECTRIC CO.**Order and Notice of Postponement of Hearing**

In the matter of General Electric Co. (Midwest Fuel Recovery Plant).

A notice of hearing on application for provisional construction permit was issued by the U.S. Atomic Energy Commission on September 28, 1967, and was published in the FEDERAL REGISTER on September 30, 1967, at 32 F.R. 13735. That notice specified when and where the prehearing conference and the hearing would be commenced, designated the members of the Atomic Safety and Licensing Board to conduct the proceedings upon issues therein stated, and described methods whereby interested members of the public may secure information about the proceeding or may seek to participate therein. The time and place of the hearing are changed by this order and notice, and no other provisions of the cited Notice of Hearing are herein modified.¹

A prehearing conference was held in Morris, Ill., on October 17, 1967, pursuant to the published notice. Among the procedural matters there resolved, all of which are fully shown in the publicly available transcript, was the rescheduling of the hearing in order to avoid conflict with prior commitments by some members of the Board. It was thus ascertained and agreed, and the Board then found and now formally finds, that the necessity and convenience of the participants in the hearing will be best served by postponing the commencement of the hearing to the time and place stated below. Upon the basis of the foregoing findings and of the information more fully shown in the cited Notice of Hearing and in the prehearing conference transcript which are incorporated herein by reference,

It is ordered, This 25th day of October 1967, that the hearing upon the provisional construction permit application by General Electric Co. shall be commenced at 9:30 a.m., local time on Tuesday, November 28, 1967, in Courtroom No. 25 in Grundy County Courthouse, West Washington and Liberty Streets in Morris, Ill.

¹For example, the original notice provided that any petition seeking intervention should be filed by Oct. 13, 1967, unless a later date be specified by the Board. Within that initially declared time period, and through the October 17 prehearing conference, no petition to intervene was filed. The Board finds no reason to specify an extended period to permit such filings.

It is further ordered, That this order and notice of postponement of hearing be promptly published in the FEDERAL REGISTER.

Issued: October 25, 1967, at Germantown, Md.

KENTUCKY POWER CO. AND AMERICAN ELECTRIC POWER CO., INC.**Notice of Proposed Sale of Transmission Line to Nonaffiliated Company**

OCTOBER 23, 1967.

Notice is hereby given that American Electric Power Co., Inc. ("AEP"), 2 Broadway, New York, N.Y. 10004, a registered holding company, and its electric utility subsidiary company, Kentucky Power Co. ("Kentucky"), 15th Street and Carter Avenue, Ashland, Ky. 41101, have filed a declaration, pursuant to the Public Utility Holding Company Act of 1935 ("Act"), designating section 12(d) of the Act and Rule 44 promulgated thereunder as applicable to the proposed transaction. All interested persons are referred to the declaration, which is summarized below, for a complete statement of the proposed transaction.

Kentucky proposes to sell an electrical transmission tower line to The Union Light, Heat and Power Co. ("Union"), a nonaffiliated company and a subsidiary company of The Cincinnati Gas & Electric Co. ("Cincinnati"), a holding company which has filed an exemption statement pursuant to Rule 2 under the Act. The sale involves approximately 3.2 miles of a 345-kv single-circuit electrical transmission tower line located in Boone County, Ky. It is stated that prior to the sale, Kentucky must obtain a release of the facilities from Kentucky's mortgage and deed of trust to Bankers Trust Co. and Joseph C. Kennedy, as trustees, dated as of May 1, 1949, as amended and supplemented. The selling price will be depreciated original cost of the facilities as of the date of transfer, and would have been \$358,564 if the transfer date had been October 1, 1967. The facilities to be sold are in place and interconnect Union and Cincinnati with Kentucky and the AEP system. The facilities will continue to be used for the same purpose after the consummation of the transaction.

The declaration represents that, except for nominal legal expenses, no fees, commissions, or expenses will be incurred or paid by Kentucky, AEP, or any associate company in connection with the proposed transaction. It is further represented that the Federal

Power Commission may have jurisdiction over the acquisition by Union of the facilities proposed to be sold and that no State commission or Federal commission, other than this Commission, has jurisdiction over the proposed sale of the facilities by Kentucky.

Notice is further given that any interested person may, not later than November 16, 1967, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said declaration which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon the declarants at the above-stated addresses, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the declaration, as filed or as amended, may be permitted to become effective as provided in Rule 23 of the general rules and regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered, will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission (pursuant to delegated authority).

Notice of Proposed Acquisition of Notes To Be Issued by Nonaffiliated Companies

OCTOBER 23, 1967.

Notice is hereby given that Pennsylvania Electric Co. ("Penelec"), 1001 Broad Street, Johnstown, Pennsylvania 15907, an electric utility subsidiary company of General Public Utilities Corp. ("GPU"), a registered holding company, has filed an application with this Commission pursuant to the Public Utility Holding Company Act of 1935 ("Act"), proposing to assist two nonaffiliated coal companies to complete development, of mines to supply the coal requirements of a generating station owned in part by Penelec. Penelec has designated sections 9(a) and 10 of the Act as applicable to the proposed transactions. All interested persons are referred to the application, which is summarized below, for a com-

plete statement of the proposed transactions.

Penelec and New York State Electric & Gas Corp. ("NYSE&G") (a nonaffiliated company), each own, as tenants in common, a 50-percent interest in an electric generating station, known as the Homer City station, now under construction near Johnstown, Pa. Each owner will have an equal interest in the proposed plant, which will have an effective capacity of 1,280 MW, and in its energy output. The Homer City station is adjacent to undeveloped coal deposits held by two nonaffiliated corporations, namely, Helvetia Coal Co. ("Helvetia"), a wholly owned subsidiary company of Rochester & Pittsburgh Coal Co. ("R&P"), and Helen Mining Co. ("Helen"), a wholly owned subsidiary company of The North American Coal Co. ("Nacco").

Penelec and NYSE&G have negotiated long-term agreements with Helvetia and Helen which provide, among other things, for the financing of the development of the mines and the supply of substantially all of the Homer City station coal requirements. Under the agreements the financing of Helvetia and Helen is to be effected, to the extent practicable, by borrowed funds and without appreciable investment or guarantees by R&P or Nacco, respectively. The total cost of developing the mines is estimated at \$15 million for Helvetia and \$11 million for Helen.

Pursuant to an order of the Commission dated January 11, 1967 (Holding Company Act Release No. 15639), Penelec acquired promissory notes issued by Helvetia during 1967 in the aggregate amount of \$875,000, and guaranteed \$875,000 of notes issued by Helvetia to banks and \$500,000 of notes issued by Helen to banks. Helvetia's notes to Penelec and to the banks mature June 30, 1968, and Helen's notes to banks mature on December 1, 1967. NYSE&G provided Helvetia with a similar loan and guarantee of its bank notes and similarly guaranteed Helen's notes to banks. The notes to banks are unsecured, but the guarantees by Penelec and NYSE&G are secured by a first mortgage on the assets of Helvetia and Helen, respectively.

Penelec now proposes to acquire promissory notes to be issued by Helvetia and Helen from time to time but no later than December 31, 1970, in the maximum aggregate amounts of \$7,500,000 and \$5,500,000, respectively. NYSE&G will also acquire notes of Helvetia and Helen in the same amounts as Penelec. The interest rate on all the notes will be 1½ percent above the prime rate at Manufacturers Hanover Trust Co., New York, and such notes, prepayable at any time without premium, will mature December 31, 1972. The notes will be issued to enable Helvetia and Helen to pay their existing notes to banks at maturity, and, in the case of Helvetia, to prepay its short-term notes to Penelec and NYSE&G, and to enable both mining companies to meet their additional requirements toward development and equipment of their

mines. Helvetia's notes will be secured by a first mortgage on all of its assets; Helen's notes will be secured by a first mortgage on certain of its property.

The application states that Penelec's fees and expenses relating to the proposed notes will be \$8,000, including \$7,500 of legal fees. It is further stated that no other State commission and no Federal commission, other than this Commission, has jurisdiction over the proposed transactions.

Notice is further given that any interested person may, not later than November 16, 1967, request in writing that a hearing be held on such matter, stating the nature of his interest, the reasons for such request, and the issues of fact or law raised by said application which he desires to controvert; or he may request that he be notified if the Commission should order a hearing thereon. Any such request should be addressed: Secretary, Securities and Exchange Commission, Washington, D.C. 20549. A copy of such request should be served personally or by mail (airmail if the person being served is located more than 500 miles from the point of mailing) upon applicant at the above-stated address, and proof of service (by affidavit or, in case of an attorney at law, by certificate) should be filed with the request. At any time after said date, the application, as filed or as it may be amended, may be granted as provided in Rule 23 of the general rules and regulations promulgated under the Act, or the Commission may grant exemption from such rules as provided in Rules 20(a) and 100 thereof or take such other action as it may deem appropriate. Persons who request a hearing or advice as to whether a hearing is ordered, will receive notice of further developments in this matter, including the date of the hearing (if ordered) and any postponements thereof.

For the Commission (pursuant to delegated authority).

Secretary.

MOTOR CARRIER TEMPORARY AUTHORITY APPLICATIONS

OCTOBER 24, 1967.

The following are notices of filing of applications for temporary authority under section 210a(a) of the Interstate Commerce Act provided for under the new rules of Ex Parte No. MC 67 (49 CFR Part 340) published in the FEDERAL REGISTER, issue of April 27, 1965, effective July 1, 1965. These rules provide that protests to the granting of an application must be filed with the field official named in the FEDERAL REGISTER publication, within 15 calendar days after the date of

notice of the filing of the application is published in the FEDERAL REGISTER. One copy of such protest must be served on the applicant, or its authorized representative, if any, and the protests must certify that such service has been made. The protest must be specific as to the service which such protestant can and will offer, and must consist of a signed original and six copies.

A copy of the application is on file, and can be examined at the Office of the Secretary, Interstate Commerce Commission, Washington, D.C., and also in the field office to which protests are to be transmitted.
